INSTITUTE OF ENGINEERING AND TECHNOLOGY, HYDERABAD
(An Autonomous Institute)

**ACADEMIC REGULATIONS FOR THE FOUR-YEAR B.TECH. REGULAR
DEGREE PROGRAMMES APPLICABLE TO STUDENTS ADMITTED FROM
THE ACADEMIC YEAR 2025-2026 AND ONWARDS**

PART 1:
INTRODUCTION & ADMINISTRATIVE FRAMEWORK

1.0 PREAMBLE:

- 1.1** VNR Vignana Jyothi Institute of Engineering and Technology (VNRVJIET) is committed to achieving academic excellence through innovative teaching-learning processes, continuous curriculum enhancement and robust evaluation mechanisms.
- 1.2** In line with the guidelines of the University Grants Commission (UGC), All India Council for Technical Education (AICTE) and Jawaharlal Nehru Technological University Hyderabad (JNTUH), the Institute introduced the Choice Based Credit System (CBCS) for all Undergraduate and Postgraduate Programmes from the academic year 2015-2016 and continues its implementation under the Academic Regulations stipulated herein.
- 1.3** The implementation of the CBCS at VNRVJIET is intended to align with national initiatives for standardization of higher education and to enhance student flexibility, academic mobility, interdisciplinary learning and skill development.
- 1.4** In consonance with the National Education Policy (NEP) 2020, the Institute has incorporated several academic reforms and curricular initiatives into these Academic Regulations and Curriculum, including but not limited to:
- Mandatory Internship
 - Mandatory Innovation and Entrepreneurship Course
 - Mandatory Courses on Environmental Science, Happiness and Wellbeing and Intellectual Property Rights
 - Skill Development Courses
 - Value Added Courses on Gender Sensitization, Ancient Wisdom, Human Values and Professional Ethics
 - Student Induction Programme
 - Courses on Sustainability
 - Track-based Open Electives in Emerging Areas
 - Industry-offered Elective Courses
 - Foreign Language Courses

- xi. Mandatory Non-Credit Certificate Courses (Two Courses)
- xii. Credit Transfer through SWAYAM-NPTEL
- xiii. B.Tech. Honours Degree Programmes
- xiv. B.Tech. Minor Degree Programmes

1.5 These initiatives are designed to foster holistic development, promote multidisciplinary and interdisciplinary learning and prepare graduates to meet global, ethical and societal challenges, while upholding the Institute's commitment to academic quality and excellence.

2.0 SHORT TITLE, APPLICATION AND COMMENCEMENT:

2.1 These Regulations shall be called the "VNRVJIET B.Tech. Choice Based Credit System (CBCS) Academic Regulations, 2025" and may be referred to as the "VNRVJIET B.Tech. CBCS R25 Regulations".

2.2 These Regulations shall apply to all B.Tech. Regular (Full-Time) Undergraduate Programmes offered by the Institute.

2.3 These Regulations shall come into force for all student batches admitted from the academic year 2025-2026 onwards.

2.4 These Regulations are comprehensive and include, inter alia, provisions relating to the definitions of key terms, the semester system, the credit system, the grading system, Programme Structure, the Scheme of Examinations and Evaluation procedures.

2.5 The Institute may, from time to time, revise, amend, or update these Regulations, the scheme of examinations and the syllabi, based on the recommendations of the respective Boards of Studies (BoS), subject to the approval of the Academic Council.

2.6 Any such revisions, amendments, or updates shall take effect from the date specified and shall be applicable to such batches of students, including those already undergoing the programme, as approved by the Academic Council.

3.0 CHOICE BASED CREDIT SYSTEM:

3.1 The Choice Based Credit System (CBCS) is an academic framework that enables a student to qualify for the award of a degree by earning the prescribed number of credits as specified in the Programme Curriculum. The credits earned represent the academic workload and learning effort associated with a course.

3.2 Each course is assigned a fixed number of credits based on its depth, breadth and intended learning outcomes. Student performance in each course is evaluated through a grading system and the grade points obtained reflect the level of proficiency achieved.

3.3 The CBCS offers the following features and advantages:

- i. Flexibility in course selection: Students may choose elective courses from a broad spectrum offered by various departments.
- ii. Opportunities for additional learning: Students may register for courses beyond the minimum prescribed requirements to enhance their knowledge and skills.
- iii. Interdisciplinary learning: Students may adopt an interdisciplinary approach by selecting courses across different domains.
- iv. Academic mobility: Credits earned from other departments or recognized higher education institutions in India may be transferred, subject to approval as per Institute norms.

- v. Utilization of faculty expertise: Students can benefit from specialized courses offered by faculty members with domain expertise.

3.4 The CBCS permits flexibility in completing the programme of study within the maximum duration prescribed under these Regulations.

4.0 ABBREVIATIONS:

4.1 For the purpose of these Regulations, the following abbreviations shall have the meanings assigned to them below:

Abbreviation	Full Form
AAT	Alternative Assessment Tool
AC	Academic Council
AICTE	All India Council for Technical Education
B.Tech.	Bachelor of Technology
BEC	Business English Certification
BIE	Board of Intermediate Education
BL	Bloom's Level
BT	Bloom's Taxonomy
BoS	Board of Studies
C	Credit
CA	Class Assessment
CAMS	Campus Automation Management System
CBCS	Choice Based Credit System
CBSS	Credit Based Semester System
CBT	Computer Based Test
CGPA	Cumulative Grade Point Average
CIE	Continuous Internal Evaluation
CO	Course Outcomes
CoE	Controller of Examinations
CP	Credit Point
D	Drawing
DoA	Dean of Academics
EAPCET	Engineering, Agriculture and Pharmacy Common Entrance Test

Abbreviation	Full Form
ECET	Engineering Common Entrance Test
ELA	Experiential Learning Assessment
G	Grade
GO	Government Order
GP	Grade Point
GPA	Grade Point Average
HoD	Head of the Department
IAC	Institute Academic Committee
JNTUH	Jawaharlal Nehru Technological University Hyderabad
L	Lecture
LES	Lateral Entry Scheme
M.Tech.	Master of Technology
MEME	Multiple Entry and Multiple Exit
MOOC	Massive Open Online Courses
NAAC	National Assessment and Accreditation Council
NBA	National Board of Accreditation
NEP	National Education Policy 2020
NPTEL	National Programme on Technology Enhanced Learning
OBE	Outcome Based Education
P	Practical
PG	Postgraduate
Ph.D.	Doctor of Philosophy
PO	Programme Outcomes
PSO	Programme Specific Outcomes
SDC	Skill Development Courses
SDG	Sustainable Development Goals
SEE	Semester End Examination
SGPA	Semester Grade Point Average

Abbreviation	Full Form
SWAYAM	Study Webs of Active-learning for Young Aspiring Minds
T	Tutorial
T-L	Teaching and Learning
UG	Undergraduate
UGC	University Grants Commission
VAC	Value Added Courses
VNRVJIET	VNR Vignana Jyothi Institute of Engineering and Technology

PART 2: ADMISSION AND PROGRAMME STRUCTURE

5.0 NOMENCLATURE:

5.1 For the purpose of these Regulations, the following terms shall have the meanings assigned to them below:

S. No.	Keyword	Definition
1.	Academic Calendar:	The official schedule issued by the Institute specifying important dates for registration, instruction, examinations, vacations and other academic activities.
2.	Academic Council:	The highest academic body of the Institute responsible for maintaining standards of instruction, education and examination, with authority to take decisions on all academic matters as per AICTE and UGC regulations.
3.	Academic Plan:	A document detailing course content and delivery, including course title, code, prerequisites, credits, objectives, outcomes, syllabus, references, session plan, evaluation methods and related information.
4.	Academic Year:	A period consisting of two consecutive semesters, one odd and one even.
5.	Admission Procedure:	The procedure for admission as prescribed by the Government of Telangana and the competent authorities.
6.	Advanced Supplementary Examination:	A special supplementary examination conducted for VIII Semester (IV Year II Semester) courses shortly after the declaration of regular results, to facilitate timely completion of degree requirements.
7.	Assessment:	Processes used to collect and evaluate evidence of student learning to measure the achievement of Programme Educational Objectives (PEOs), Programme Outcomes (POs) and Programme Specific Outcomes (PSOs).
8.	Audit Course:	A mandatory course of study carrying no credits.
9.	Autonomous Institute:	An Institute conferred "Autonomous" status by the UGC, with the concurrence of the affiliating University (JNTUH) and the Government of Telangana.
10.	Backlog Course:	A course in which a student has not obtained a passing grade and is required to reappear.
11.	Basic Science Courses:	Foundational courses in Mathematics, Physics, Chemistry, Biology and related sciences.

S. No.	Keyword	Definition
12.	Betterment:	A provision enabling a student to improve a grade by reappearing in the examination or by re-registering for the course.
13.	Board of Studies:	A statutory academic body constituted for each department, responsible for curriculum design and revision.
14.	Branch:	A specialization or discipline of a degree programme (e.g., Civil Engineering, Mechanical Engineering).
15.	Certificate Course:	A non-credit course aimed at developing specific skills or competencies for holistic development.
16.	Choice Based Credit System (CBCS):	A system that provides flexibility to students in selecting courses while earning credits for degree completion.
17.	Compulsory Course:	A course required to be completed for the award of the Degree.
18.	Condonation:	Permission granted to a student to appear for examinations despite shortage of attendance, subject to prescribed conditions and payment of the prescribed fee.
19.	Continuous Internal Evaluation (CIE):	Continuous assessments used to evaluate student learning and skill acquisition during a course.
20.	Course:	A unit of study offered in a semester, which may be theory, laboratory, internship, mini-project, project work, defined by objectives and outcomes and comprising lectures, tutorials, practicals, projects, assignments and examinations.
21.	Course Outcomes (CO):	Statements describing knowledge and skills a student is expected to acquire upon completion of a course (typically 3-5 per course).
22.	Course Registration:	The process of enrolling for courses in a semester upon payment of the prescribed fee and completion of other required formalities.
23.	Credit:	A measure of academic workload determining the number of hours of instructions required per week i.e., one credit corresponds to one hour of lecture/tutorial or two hours of practical per week.
24.	Credit Based Semester System (CBSS):	A system prescribing the number of credits required for the award of the Degree.
25.	Credit Point:	The product of the grade point obtained and the credits assigned to a course.
26.	Credit Transfer:	Granting of credits for approved courses completed through recognized MOOC platforms such as SWAYAM-NPTEL.

S. No.	Keyword	Definition
27.	Cumulative Grade Point Average (CGPA):	A measure of overall academic performance across all semesters, calculated as the total credit points secured by a student in all semesters divided by the total credits of all courses in all the semesters, up to two decimal places.
28.	Curriculum:	The structured set of courses and learning experiences offered in a programme.
29.	Degree:	An academic qualification awarded upon fulfillment of all programme requirements.
30.	Department:	An academic unit responsible for teaching, research and related activities.
31.	Detention:	Prevention of a student from appearing for Semester End Examinations and from progression to the next semester due to insufficient aggregate attendance or failure to meet minimum credit requirements.
32.	Dropping of Courses:	Withdrawal from registered courses within the prescribed timelines and procedures.
33.	Engineering Science Courses:	Introductory engineering courses common to multiple disciplines e.g., Engineering Workshop, Engineering Graphics, Engineering Drawing, C Programming etc.
34.	Evaluation:	A process of judging academic work done by a student in courses through a combination of Continuous Internal Evaluation (CIE) and Semester End Examinations (SEE).
35.	External Examiner:	An examiner appointed from outside the Institute (industry, research, or academia) to ensure fair and unbiased evaluation of all examinations, practicals, or projects.
36.	Faculty Advisor/Mentor:	A faculty member assigned to guide a group of students on academic planning, course selection and progression through the programme.
37.	Field Based Research Project:	A credit-based project course involving work on societal or industry-related problems.
38.	Gold Medal:	An award conferred upon the most outstanding student with the highest academic performance, subject to fulfillment of the prescribed criteria for First Class with Distinction.
39.	Grade Point:	A numerical value assigned to each letter grade on a 10-point scale.
40.	Grade Sheet:	An official record showing course details (course code, course title, number of credits, grade secured) along with the SGPA of that semester and the CGPA earned till that semester.

S. No.	Keyword	Definition
41.	Humanities & Social Sciences Courses:	Courses offered in humanities and liberal arts aimed at developing social, ethical and communication skills.
42.	Industrial Visit:	A visit to an industry or company for experiential learning.
43.	Industry Oriented Mini-Project:	A credit-based project aligned with industry or applied research.
44.	Institute:	VNR Vignana Jyothi Institute of Engineering and Technology (VNRVJiet).
45.	Internal Examiner:	A faculty member of the Institute involved in the assessment of examinations, practicals, or projects.
46.	Internship:	Practical training of a specified duration undertaken in industry, research, or academia.
47.	Course Based Projects:	Hands-on experimental or design-oriented activities involving design, problem-solving, decision-making and investigation, carried out individually or in teams.
48.	Letter Grade:	An alphabetic index of student performance in courses (e.g., O, A+, A, B+, B, C, F, Ab).
49.	Malpractice Committee:	A committee constituted to investigate incidents of unfair means or misconduct during examinations and to recommend appropriate disciplinary action.
50.	Mandatory Audit Courses:	Compulsory non-credit courses prescribed in the programme.
51.	Mapping:	Correlation of Course Outcomes (COs) with Programme Outcomes (POs) and Programme Specific Outcomes (PSOs).
52.	Massive Open Online Courses (MOOC):	Online courses offered through open learning platforms.
53.	Open Elective Courses:	Interdisciplinary courses offered across departments.
54.	Outcome Based Education:	An educational approach focused on the achievement of defined learning outcomes.
55.	Overloading:	Registering for more credits than prescribed for a semester.
56.	Prerequisite:	A course that must be completed before registering for a higher-level course.
57.	Professional Core Courses:	Fundamental courses of the respective discipline.
58.	Professional Elective Courses:	Discipline-specific elective courses.
59.	Programme:	A structured set of courses leading to the award of the degree in a given discipline.
60.	Programme Educational Objectives (PEOs):	Broad statements describing the career and professional accomplishments that the programme prepares graduates to achieve.

S. No.	Keyword	Definition
61.	Programme Outcomes (POs):	Statements defining the essential skill sets every student is expected to acquire upon graduation, derived from the Graduate Attributes prescribed by the NBA (typically, 11).
62.	Programme Specific Outcomes (PSOs):	Statements describing what graduates of a specific programme should be able to do (typically, 2 to 3).
63.	Project:	A credit-based research or design activity undertaken to meet defined objectives.
64.	Provisional Certificate:	A temporary certificate issued upon completion of all degree requirements, pending the award of the original degree certificate by the University.
65.	Re-appearing:	Appearing again in the supplementary examination for the external component of a course, subject to the regulations contained herein.
66.	Regular Examination:	The Semester End Examination (SEE) conducted at the end of each semester for registered students.
67.	Regulations:	The academic rules contained herein, common to all the B.Tech. programmes offered by the Institute and designated as the "VNRVJIET B.Tech. CBCS R25 Regulations", as amended from time to time.
68.	Re-registering:	Repeating a course as per these Regulations.
69.	Rubrics:	A tool for assessment and grading of student performance based on defined criteria.
70.	Sessional Examinations:	Internal Examinations conducted twice during a semester as part of Continuous Internal Evaluation, each covering specified portions of the syllabus.
71.	Semester:	A 17-week academic term, excluding examinations.
72.	Semester End Examination (SEE):	A regular examination conducted after completion of a course in a semester.
73.	Semester Grade Point Average:	A measure of academic performance in a semester, calculated as the ratio of the total credit points earned to the total credits registered, expressed up to two decimal places.
74.	Skill Development Course:	A credit-based course aimed at acquiring specific skills.
75.	Substitute Courses:	Courses approved by the Board of Studies to replace courses from previous regulations that a readmitted or detained student has already studied, enabling progression under current academic regulations.
76.	Supplementary Student:	A student who has failed or was absent in a course and appears for the Semester End Examination when it is next conducted, while retaining previously secured internal marks.

S. No.	Keyword	Definition
77.	Undergraduate Diploma:	A two-year diploma awarded to students who exit the B.Tech. programme after completion of the IV Semester (II Year II Semester) and fulfillment of additional requirements under the MEME scheme.
78.	Underloading:	Registering for fewer credits than prescribed in a semester.
79.	University:	Jawaharlal Nehru Technological University Hyderabad (JNTUH)
80.	Value Added Courses:	Credit-based courses aimed at fostering social responsibility, ethical conduct and cultural awareness for holistic student development.
81.	Virtual Laboratories:	Web-enabled remote experiments designed to enhance learning and innovation.

6.0 UNDERGRADUATE DEGREE PROGRAMMES ON OFFER:

6.1 VNRVJIET shall offer, with effect from the Academic Year 2025-2026, four-year (eight semester) Bachelor of Technology (B.Tech.) Regular Degree Programmes under the Choice Based Credit System (CBCS) in the disciplines specified in Table 1 herein.

Table 1: B.Tech. Degree Programmes of Study

S. No.	B.Tech. Discipline
1	Artificial Intelligence and Data Science
2	Automobile Engineering
3	Biotechnology*
4	Civil Engineering
5	Computer Science and Business Systems
6	Computer Science and Engineering
7	Computer Science and Engineering (Artificial Intelligence and Machine Learning)
8	Computer Science and Engineering (Cyber Security)
9	Computer Science and Engineering (Data Science)
10	Computer Science and Engineering (IoT)
11	Electrical and Electronics Engineering
12	Electronics and Communication Engineering
13	Electronics Engineering (VLSI Design and Technology)*
14	Electronics and Instrumentation Engineering
15	Information Technology
16	Mechanical Engineering
17	Robotics and Artificial Intelligence*

(*Disciplines introduced from the academic year 2025-2026)

6.2 The Academic Council of the Institute may, from time to time, approve the introduction of additional disciplines, modification of nomenclature, or withdrawal of existing disciplines, as deemed necessary, subject to statutory and regulatory provisions in force.

7.0 ELIGIBILITY FOR ADMISSION:

7.1 The eligibility criteria for admission to the B.Tech. Degree Programmes offered at VNRVJIET shall be as prescribed by the Government of Telangana and in accordance with the statutory provisions in force.

7.2 Unless otherwise notified by the Government of Telangana, the criteria shall be as follows:

- a) The candidate shall be an Indian National or a Non-Resident Indian (NRI).
- b) The candidate shall have completed sixteen (16) years of age as on 31 December of the Academic Year in which admission is sought.
- c) The candidate shall have passed the qualifying examination (10+2 or equivalent) as on the date of admission, as recognized by the Board of Intermediate Education (BIE), Telangana State.

7.3 The seats in each programme of the Institute shall be classified into the following categories, in accordance with the Government Orders in force:

i) Category-A Seats:

These shall be filled through the centralized admission counselling process, based on the rank secured by the candidate in the *Engineering, Agriculture and Pharmacy Common Entrance Test* (EAPCET) conducted by the Government of Telangana.

ii) Category-B Seats:

These shall be filled by the Institute in accordance with the Government Orders issued by the Government of Telangana from time to time.

7.4 Direct Admission to Second Year (Lateral Entry Scheme):

A candidate shall be eligible for admission directly into the III Semester (II Year I Semester) of the B.Tech. Degree Programme under the *Lateral Entry Scheme*, based on the rank secured in the *Engineering Common Entrance Test* [ECET (for Diploma Holders)] conducted by the Government of Telangana and subject to compliance with the other admission criteria prescribed in the Government Orders in force.

8.0 MEDIUM OF INSTRUCTION:

8.1 The medium of instruction for all B.Tech. Degree Programmes shall be **English**.

8.2 This shall apply to:

- i. All courses prescribed in the Programme Curriculum.
- ii. Content delivery in lectures, laboratories and tutorials.
- iii. Examinations, assessments and evaluations.
- iv. Seminars, presentations and project evaluations.

9.0 B.TECH. PROGRAMME STRUCTURE:

9.1 The structure of the B.Tech. Degree Programmes offered at VNRVJIET shall be in accordance with the Choice Based Credit System (CBCS) and the Credit Based Semester System (CBSS), as defined by the University Grants Commission (UGC) and aligned with the Model Curriculum prescribed by the All India Council for Technical Education (AICTE) and Jawaharlal Nehru Technological University Hyderabad (JNTUH).

9.2 The total credits prescribed for B.Tech. Degree Programme shall be 164, out of which a student shall earn a minimum of 160 credits for the award of the B.Tech. Degree.

9.3 Semester Scheme:

9.3.1 The B.Tech. Degree Programmes shall follow the semester scheme with the following provisions:

- 9.3.1.1 Each academic year shall consist of two (2) semesters, namely Odd and Even semesters, sequentially numbered from I to VIII Semester.
- 9.3.1.2 Each semester shall comprise seventeen (17) weeks, excluding the Sessional Examinations and Semester End Examinations.
- 9.3.1.3 Each semester shall comprise Continuous Internal Evaluation (CIE) and Semester End Examination (SEE) components, as prescribed in these Regulations.

10.0 DURATION OF THE ACADEMIC PROGRAMMES:

- 10.1 The normal duration of the B.Tech. Degree Programme shall be as follows:
- Four (4) academic years for students admitted to the I Year of the programme.
 - Three (3) academic years for students admitted under the Lateral Entry Scheme (LES), i.e., Diploma Holders admitted directly into the III Semester (II Year I Semester).
- 10.2 The maximum permissible duration for completion of the programme shall be twice the normal duration, as given below:
- Eight (8) academic years for students admitted to the I Year.
 - Six (6) academic years for students admitted under the Lateral Entry Scheme (LES).

11.0 COURSES AND CREDIT STRUCTURE:

- 11.1 Every course in the B.Tech. Programme shall have a Lecture-Tutorial-Practical (L-T-P) component. Credits shall be allotted based on the L-T-P structure, as per Table 2.

Table 2: Contact Hours and Credit Structure

Type of Course	Component	Contact Hours / Week	Credits (C)
Theory	Lecture (L)	1	1
	Tutorial (T)	1	1
Laboratory	Practical (P)	2	1
Drawing / Design	Drawing / Design (D)	2	1
Project	Mini-Project / Project	3	1

- 11.2 Certain courses such as the Induction Programme, Environmental Science, Happiness and Wellbeing, Intellectual Property Rights, Indian Constitution shall be offered as Mandatory Audit Courses. These courses shall be non-credit courses.
- 11.3 Each Section/Department listed in Table 3 is assigned a unique code, which shall be used for all academic and administrative purposes.

Table 3: Codes for Departments, Sections and Specializations

Department/Section	Code
Physics	PH
Chemistry	CH
English	EN
Mathematics	MT
Management	MG
Humanities and Social Sciences	HS
Civil Engineering	CE
Electrical and Electronics Engineering	EE
Mechanical Engineering	ME
Electronics and Communication Engineering	EC
Electronics Engineering (VLSI Design and Technology)	EV
Computer Science and Engineering	CS
Electronics and Instrumentation Engineering	EI
Information Technology	IT
Automobile Engineering	AE
Computer Science and Business Systems	CB
Computer Science and Engineering (Artificial Intelligence and Machine Learning)	AM
Computer Science and Engineering (Cyber Security)	CY
Computer Science and Engineering (Data Science)	DS
Computer Science and Engineering (IoT)	IN
Artificial Intelligence and Data Science	AD
Biotechnology	BT
Robotics and Artificial Intelligence	RA

11.4 Structure of Courses:

- 11.4.1 Every B.Tech. Programme shall consist of Theory Courses, Laboratory Courses, Skill Development Courses, Field-Based Research Project, Internship/Industry Oriented Mini-Project, Design Thinking and Major Project as prescribed in the respective programme curriculum.
- 11.4.2 Each course offered under the B.Tech. Programme shall belong to one of the categories listed in Tables 4 and 5, with corresponding course categories and classifications.

Table 4: Categories of Courses and Course Codes

Type of Courses	Course Category	Code
Foundation Courses	Engineering Science	ES
	Basic Science	BS
	Humanities & Social Science Incl. Management	HS
Core Courses	Professional Core	PC
Project Core	Project Work	PW
Skill Development Courses	Skill / Industry / Experiential Learning	SD
Elective Courses	Professional Elective	PE
	Open Elective	OE
Value Added Courses	Life Skills / Ethics / Social & Cultural Awareness	VA
Mandatory Audit Courses	Mandatory Non-Credit	MN
Other Courses	MOOC (Online)	OL
	Virtual Laboratories (Online)	VL

Table 5: Description of Course Categories

Broad Course Classification	Course Group / Category	Description of Courses
Foundation Courses	Basic Sciences (BS)	Mathematics, Physics, Chemistry, Biology
	Engineering Sciences (ES)	Fundamental Engineering Courses
	Humanities and Social Sciences (HS)	Humanities, Social Sciences and Management Courses
Core Courses	Professional Core (PC)	Discipline-specific Core Courses
	Project Work (PW)	B.Tech. Project Phase-I and Phase-II
	Field Based Research Project (PW) / Internship / Industry Oriented Mini-Project (PW)	Practical and Experiential learning Courses
	Skill Development Courses (SD)	1-Credit Specific Skill-based Courses
Elective Courses	Professional Electives (PE)	Discipline-specific Elective Courses
	Open Electives (OE)	Interdisciplinary or Out-of-discipline Courses
Value Added Courses	Value Added Courses (VA)	Human Values and Professional Ethics, Gender Sensitization, Ancient Wisdom
Mandatory Audit Courses	Mandatory (MN)	Environmental Science, Intellectual Property Rights, Happiness and Wellbeing, Constitution of India

PART 3: ACADEMIC PROCESSES

12.0 MANDATORY INDUCTION PROGRAMME:

- 12.1** An Induction Programme of one (1) week duration shall be conducted for all students admitted into B.Tech. Degree Programmes, at the commencement of the I Semester. This programme shall be a non-credit mandatory audit course.
- 12.2** Regular instructional classes shall commence only after the completion of the Induction Programme.
- 12.3** The objectives of the Induction Programme shall include:
- i. Facilitating a smooth transition from school education to the professional academic environment.
 - ii. Familiarizing students with the academic structure, regulations and facilities of the Institute.
 - iii. Encouraging interpersonal bonding and team-building among students.
 - iv. Instilling universal human values and professional ethics.
- 12.4** The Induction Programme shall comprise, but not be limited to, the following components:
- i. Physical activities.
 - ii. Creative arts.
 - iii. Sessions on universal human values.
 - iv. Literary activities.
 - v. Lectures and talks by eminent personalities.
 - vi. Visits to local areas of academic, cultural, industrial, or social relevance.
 - vii. Familiarization with the parent department, academic regulations, facilities and institutional resources.
 - viii. Introduction to innovative practices adopted on the campus.
 - ix. Any other activities as deemed appropriate by the Institute.

13.0 COURSE REGISTRATION:

13.1 Course Registration Process:

- 13.1.1** Each student shall be assigned a Faculty Advisor/Mentor (one faculty member per 20 students) to guide them on academic planning, course selection and progression based on individual competence, prerequisites and interests.
- 13.1.2** Students shall register online for the prescribed courses of the semester through the Campus Automation Management System (CAMS) within the dates specified in the Academic Calendar, after obtaining approval from the Faculty Advisor/Mentor and the Head of the Department.
- 13.1.3** Course registration shall be considered valid only upon approval in the online system, fulfilment of prerequisites (if any) and payment of prescribed tuition fees and all dues, including Institute and hostel dues.
- 13.1.4** In case of multiple submissions or erroneous entries during online registration, only the earliest valid submission recorded in the system shall be treated as final.

- 13.1.5 Course choices exercised during online registration are final and cannot be changed thereafter.
- 13.1.6 However, if a course listed for offering in that semester could not be offered due to unavoidable circumstances, the Head of the Department may permit suitable alternative course options and shall notify the students through a time-bound schedule before commencement of classwork.
- 13.1.7 No course registration shall be permitted beyond the notified schedule.
- 13.1.8 In-absentia or proxy registration shall not be permitted. Each student shall personally complete course registration using their own credentials.
- 13.1.9 Two faculty members may be allocated for Mathematics-I tutorials to enhance interaction and improve student performance.

13.2 Open Elective Courses:

- 13.2.1 Students shall register for one Open Elective (OE) each in V, VI, VII and VIII Semesters from the list of electives offered by departments other than their parent department, as per the approved Programme Structure.
- 13.2.2 Students shall not register for an Open Elective offered by their parent department or that is equivalent in content to any course prescribed in their Programme Curriculum.
- 13.2.3 Students shall not register for an Open Elective that has already been completed/credited earlier, or that is equivalent to any course to be studied in subsequent semesters.

13.3 Professional Elective Courses:

- 13.3.1 Students shall register for six Professional Elective (PE) courses (PE-I to PE-VI) from the baskets specified in the Programme Structure.
- 13.3.2 Students may choose Professional Electives from within their discipline or opt for interdisciplinary Professional Electives offered by other departments, subject to fulfillment of prerequisites or waiver approved by the Dean of Academics.
- 13.3.3 One Professional Elective shall be pursued mandatorily through the SWAYAM-NPTEL MOOC platform, as specified in the Programme Structure and students must successfully earn the corresponding credit as prescribed in these Academic Regulations.
- 13.3.4 Students may register for additional equivalent MOOCs approved by the Institute in lieu of the remaining Professional Electives (other than the mandatory MOOC mentioned in 13.3.3), based on the list notified from time to time.

13.4 MOOCs for Professional Elective Courses:

- 13.4.1 Students shall be permitted to register for approved equivalent Professional Elective MOOCs only through the SWAYAM-NPTEL platform, as per the Programme Structure and as notified by the Institute from time to time.
- 13.4.2 Students may register for BoS-approved MOOCs one semester in advance of the scheduled Professional Elective, with prior approval of the Faculty Advisor.
Example: A Professional Elective prescribed in VI Semester (III Year II Semester) may be registered under MOOCs in V Semester (III Year I Semester).
- 13.4.3 Credits earned through MOOCs registered one semester in advance shall be submitted in the subsequent semester for assessment and credit transfer.
- 13.4.4 Students who fail to secure a pass grade in a registered MOOC shall register for the corresponding regular course in the following semester.
- 13.4.5 MOOCs shall be permitted only for Professional Elective courses and for specified Minors/Honors courses, as per these Regulations and approved by the Institute.

13.4.6 Evaluation and Grade Conversion of MOOCs:

- 13.4.6.1 Marks secured in the internal and external evaluations of the approved MOOC shall be scaled to 40 marks (internal) and 60 marks (external) respectively.
- 13.4.6.2 The sum of the internal and external components shall constitute the total marks out of 100.
- 13.4.6.3 The final grade shall be awarded as per the marks-to-grades conversion rules specified in Clause 22.3 of these R25 Academic Regulations.

13.5 Guidelines to Offer Elective Courses:

- 13.5.1 An elective course shall be offered only if a minimum of 25% of the class strength registers for it.
- 13.5.2 The same elective course may be offered to different sections by different faculty members, subject to allocation by the department.
- 13.5.3 If the number of registrations for an elective exceeds the sanctioned strength of one section, the department may open additional sections based on availability of faculty and other resources.
- 13.5.4 Allocation of electives to students shall be based on *first-come-first-serve* criteria, as decided and notified by the Institute.
- 13.5.5 Courses already completed through regular mode/MOOC/credit transfer shall not be repeated.

14.0 ATTENDANCE REQUIREMENTS AND DETENTION POLICY:

- 14.1 Students shall be eligible to appear for the Semester End Examinations (SEE) only if they secure a **minimum of 75% aggregate attendance in all registered courses** of the semester. Aggregate attendance refers to the combined attendance percentage across all courses registered in the semester.
- 14.2 **Condonation of Attendance:** A shortage of aggregate attendance between 65% and 75% may be condoned by the Institute Academic Committee on genuine and valid grounds and upon payment of the prescribed condonation fee as notified from time to time.
- 14.3 Attendance credit equivalent to two lecture periods per theory course shall be given if the student appears for the Sessional Examination of that course.
- 14.4 Attendance below 65% shall not be condoned under any circumstances.
- 14.5 Students whose shortage of attendance is not condoned shall be detained. Their semester registration shall be cancelled, including CIE marks and they shall not be permitted to appear for the SEE or be promoted to the next semester, notwithstanding the promotion provisions under Clause 24.0.
- 14.6 Detained student(s) shall seek re-admission into the same semester when it is offered in the subsequent academic year. The Academic Regulations in force at the time of re-admission shall apply.
- 14.7 If the prescribed Professional/Open Electives are not offered in the semester of re-admission, students shall register for approved alternative electives from the same category, as notified by the department.
- 14.8 Students under disciplinary suspension shall not be permitted to appear for the SEE.
- 14.9 A student who has already fulfilled the attendance requirement of a semester shall not be eligible for re-admission to the same semester.

15.0 MINIMUM ACADEMIC REQUIREMENTS:

15.1 In addition to the attendance requirements specified under Clause 14.0, every student shall satisfy the minimum academic requirements prescribed in this clause for the award of the B.Tech. Degree.

15.2 Theory, Practical, Design and Drawing Courses:

15.2.1 A student shall be deemed to have satisfied the minimum academic requirements and earned the credits allotted for a course upon securing all of the following:

- a) A minimum of 35% marks in the Semester End Examination (SEE) of the course (i.e., 21 marks out of 60 marks)
- b) A minimum of 40% marks, considering both Continuous Internal Evaluation (CIE) and SEE together (i.e., 40 marks out of 100 marks) and
- c) A minimum of 'C' grade or above in the course.

15.2.2 A student who is eligible to appear for the SEE of a course but is absent or fails shall be permitted to reappear for the supplementary examination, as and when conducted. The CIE marks already secured shall be retained and added to supplementary examination marks for grade computation.

15.3 Field Based Research Project:

15.3.1 A student shall be deemed to have satisfied the minimum academic requirements and earned credits allotted for the Field Based Research Project course upon securing a minimum of 40% of the total marks (i.e., 40 marks out of 100 marks).

15.3.2 A student shall be treated as failed in the Field Based Research Project if the student:

- a) Does not submit the project report, or
- b) Does not make the presentation of the project work before the Evaluation Committee as per the notified schedule, or
- c) Remains absent during the scheduled Field Based Research Project evaluation, or
- d) Secures less than 40% marks (i.e., 40 marks out of 100 marks) in the overall evaluation.

15.4 Internship/Industry Oriented Mini-Project, Major Project and Design Thinking Courses:

15.4.1 A student shall be deemed to have satisfied the minimum academic requirements and earned credits in each of these courses upon securing a minimum of 40% of the total marks (i.e., 40 marks out of 100 marks).

15.4.2 A student shall be treated as failed in these courses if the student:

- a) Does not submit the prescribed report, or
- b) Does not make the presentation before the Evaluation Committee as per the notified schedule, or
- c) Remains absent during the scheduled Project evaluation, or
- d) Secures less than 40% marks (i.e., 40 marks out of 100 marks) in the overall evaluation.

15.5 Credit Requirements for the Award of Degree:

15.5.1 To successfully complete the B.Tech. Degree Programme, a student shall:

- a) Register for courses totaling 164 credits as specified in the Programme Structure and successfully earn a minimum of 160 credits required for the award of the degree;
- b) Fulfill all the prescribed attendance and academic requirements;
- c) Secure a Semester Grade Point Average (SGPA) of not less than 5.0 in each semester and a Cumulative Grade Point Average (CGPA) of not less than 5.0 at the end of the Programme;

d) Pass all mandatory courses prescribed under these Regulations, except as provided under Clause 26.0.

15.5.2 The performance in the best 160 credits shall be considered for the calculation of the final CGPA, which shall be indicated in the Grade Card/Marks Memo of VIII Semester (IV Year II Semester).

15.6 Detention Due to Attendance or Credit Shortage:

15.6.1 A student detained in a semester due to shortage of attendance may seek re-admission into the same semester in the following academic year, subject to the Academic Regulations in force at the time of re-admission. No SGPA or CGPA calculations shall be computed for the semester in which the student was detained.

15.6.2 A student detained due to shortage of credits shall be promoted to the next academic year only after acquiring the required credits, subject to the Academic Regulations applicable at the time of promotion.

15.7 Certificate Course Requirement:

15.7.1 Each student shall successfully complete two certificate courses, mandatory non-credit courses aimed at skill development, each of at least 40 hours duration, during the Programme of study. Out of the two courses, at least one course shall be pursued through approved MOOC platforms such as SWAYAM-NPTEL, BEC, etc.

15.8 Maximum Duration to Earn Credits:

15.8.1 A student shall earn a minimum of 160 credits within a maximum of eight academic years from the date of admission to I Semester (I Year I Semester); otherwise, the student's admission shall stand cancelled and the seat shall be forfeited.

PART 4: EVALUATION AND ASSESSMENT

16.0 DISTRIBUTION OF MARKS AND EVALUATION:

16.1 General:

16.1.1 The performance of a student in every registered course, including Theory, Practical/Laboratory, Engineering Drawing/Graphics/Design, Skill Development Courses, Value Added Courses, Field Based Research Project, Internship/Industry Oriented Mini-Project, Design Thinking and Major Project, shall be evaluated for a total of 100 marks.

16.1.2 For all courses, except those otherwise specified, the evaluation pattern shall consist of:

- | | |
|---|----------|
| (a) Continuous Internal Evaluation (CIE): | 40 Marks |
| (b) Semester End Examination (SEE): | 60 Marks |

16.2 Theory Courses:

16.2.1 Continuous Internal Evaluation (CIE):

16.2.1.1 Each Theory course shall carry forty (40) marks for Continuous Internal Evaluation (CIE).

16.2.1.2 The CIE shall consist of:

- | | |
|---|----------|
| • Sessional Examinations (SE): | 30 marks |
| • Class Assessment (CA): | 5 marks |
| • Experiential Learning Assessment (ELA): | 5 marks |

16.2.1.3 Two Sessional Examinations, designated as SE-I and SE-II, each of two (2) hours duration and carrying thirty (30) marks, shall be conducted as per the Academic Calendar.

16.2.1.4 The syllabus coverage for SE-I shall include Unit I, Unit II and first half of Unit III whereas for SE-II shall include second half of Unit III, Unit IV and Unit V.

16.2.1.5 The question paper pattern for Sessional Examinations shall be as follows:

i) Part-A: 5Q x 2M = 10M

- Five (5) compulsory short-answer questions of 2 marks each.
- Two questions each from Unit-I and Unit-II and one question from the first half of Unit-III in First Sessional Examination (SE-I)
- One question from the second half of Unit-III and 2 questions each from Unit-IV and Unit-V in Second Sessional Examination (SE-II)

ii) Part-B: 20M

- Six descriptive questions, i.e., two questions from each unit, with internal choice i.e., 'either' 'or' choice.
- The student shall answer one question from each unit.
- A maximum of two sub-divisions i.e. (a) and/or (b) shall be permitted in a question.

a) Sessional Examination-I (SE-I):

- | | |
|------------------------|---------|
| • Unit I: Q.1 OR Q.2 | 8 marks |
| • Unit II: Q.3 OR Q.4 | 8 marks |
| • Unit III: Q.5 OR Q.6 | 4 marks |

b) Sessional Examination-II (SE-II):

- Unit III: Q.1 OR Q.2 4 marks
- Unit IV: Q.3 OR Q.4 8 marks
- Unit V: Q.5 OR Q.6 8 marks

iii) The average of SE-I and SE-II marks shall constitute the final Sessional Examination score.

16.2.1.6 Class Assessment (CA) shall be conducted twice during the semester as per the Academic Calendar using Alternative Assessment Tools (AAT), such as assignments, quizzes, online tests, or objective examinations. The average of the two assessments shall constitute five (5) marks for CA.

16.2.1.7 Experiential Learning Assessment (ELA) shall be conducted twice during the semester and may include AAT such as course projects, viva-voce, poster presentations, case studies, open-ended problems, simulations, or computational assignments. The average of the two ELAs shall constitute five (5) marks for ELA.

16.2.1.8 The total CIE marks i.e., forty (40 marks) for Theory Courses shall be the sum of:

- Average of the Sessional Examinations
- Average of the Class Assessment and
- Average of the Experiential Learning Assessment

16.2.2 Computer-Based Test (CBT):

16.2.2.1 A Computer-Based Test (CBT) shall be provided in each theory course as an additional internal assessment mechanism under specified conditions.

16.2.2.2 A student shall be eligible to appear for the CBT in a course if the student has:

- (a) missed one of the two Sessional Examinations due to genuine medical reasons or other unavoidable circumstances, supported by valid documentary evidence and prior approval of the Principal, or
- (b) appeared in both the Sessional Examinations but wishes to improve the internal marks obtained in the course.

16.2.2.3 The CBT shall be conducted at the end of the semester for one (1) hour duration, carrying a maximum of thirty (30) marks, covering the entire syllabus prescribed for the course.

16.2.2.4 The CBT shall consist of thirty (30) objective-type multiple-choice questions (MCQs), each carrying one (1) mark, with four (4) answer options and only one correct answer. There shall be no negative marking for incorrect answers.

16.2.2.5 Questions in the CBT shall be uniformly distributed across all five units of the syllabus and shall be framed as per Bloom's Taxonomy levels as follows:

- Remember (Q1-Q10)
- Understand (Q11-Q20) and
- Apply (Q21-Q30).

16.2.2.6 The marks obtained in the CBT shall be treated as equivalent to the marks obtained in one Sessional Examination for the purpose of computation of internal marks.

16.2.2.7 For the calculation of Continuous Internal Evaluation (CIE) marks in a course, the average of the best two scores obtained from the three assessments, namely the two Sessional Examinations and the CBT, together with the other prescribed internal assessment components, shall be considered.

16.2.2.8 A student who remains absent for a Sessional Examination shall be awarded zero (0) marks for that examination for internal assessment purposes.

16.2.3 Semester End Examination (SEE):

16.2.3.1 The Semester End Examination (SEE) for Theory Courses shall be conducted for a duration of three (3) hours at the end of the semester and shall carry sixty (60) marks.

16.2.3.2 The SEE question paper shall consist of two parts.

i) Part-A: 5Q x 2M=10M

- Five (5) compulsory short-answer questions, one from each unit of the syllabus carrying 2 marks each.

ii) Part-B: 5Q x 10M=50M

- Part-B shall carry fifty (50) marks comprising ten (10) descriptive questions, two (2) from each unit with internal choice, i.e., 'either' 'or' choice.
- The student shall answer one question from each unit.
- There shall be a maximum of two sub-divisions (a) and/or (b) in any question.

16.2.3.3 All units shall carry equal weightage and the SEE shall cover the entire syllabus prescribed for the course.

16.3 Practical Courses:

16.3.1 Continuous Internal Evaluation (CIE)

16.3.1.1 Each Practical course shall carry forty (40) marks for CIE, distributed as:

- Day-to-Day Performance: 10 marks
- Record Work: 10 marks
- Internal Practical Examination: 10 marks
- Course Project: 10 marks

16.3.1.2 The course project component may include design, simulation, computational modeling, hardware implementation, prototype development, software/application development, or any other experiential learning activity.

16.3.1.3 Absence in any CIE component shall result in zero marks for that component. No re-assessment shall be permitted.

16.3.2 Semester End Examination (SEE)

16.3.2.1 The SEE for Practical courses shall be conducted for a duration of three (3) hours at the end of the semester and carry sixty (60) marks.

16.3.2.2 The evaluation shall comprise:

- Initial Procedure and Write-Up: 10 marks
- Conduct of Experiment/Program: 15 marks
- Analysis and Evaluation of Results: 15 marks
- Course Project Report: 10 marks
- Viva-voce: 10 marks

16.3.2.3 The SEE shall be conducted jointly by one External Examiner and one Internal Examiner. The External Examiner shall be appointed from outside the college cluster or from industry, as approved by the Examination Branch.

16.3.2.4 If a student requests a change of experiment, a deduction of five (5) marks shall apply for the first change and an additional deduction of five (5) marks shall apply for a second change. No third change of experiment shall be permitted under any circumstances.

16.4 Drawing and/or Design Courses:

16.4.1 Continuous Internal Evaluation (CIE):

16.4.1.1 The Continuous Internal Evaluation (CIE) for Drawing, Graphics and Design Courses shall carry forty (40) marks, consisting of:

- Day-to-Day Performance: 10 marks
 - Sessional Examinations: 20 marks
 - Course Project: 10 marks
- 16.4.1.2 Two Sessional Examinations, designated as SE-I and SE-II, each of two (2) hours duration and carrying twenty (20) marks, shall be conducted as per the Academic Calendar.
- 16.4.1.3 Each Sessional Examination shall carry twenty (20) marks and shall consist of six (6) questions with two questions from each unit, providing internal choice within each unit. The student shall answer one question from each unit.
- 16.4.1.4 The question paper pattern for Sessional Examinations shall be as follows:
- a) Sessional Examination-I (SE-I):**
- Unit I: Q.1 OR Q.2 8 marks
 - Unit II: Q.3 OR Q.4 8 marks
 - Unit III: Q.5 OR Q.6 4 marks
- b) Sessional Examination-II (SE-II):**
- Unit III: Q.1 OR Q.2 4 marks
 - Unit IV: Q.3 OR Q.4 8 marks
 - Unit V: Q.5 OR Q.6 8 marks
- 16.4.1.5 The average of the two Sessional Examination marks shall constitute the Sessional Examination component of CIE.
- 16.4.2 Semester End Examination (SEE):**
- 16.4.2.1 The Semester End Examination for Drawing, Graphics and Design Courses shall carry sixty (60) marks and shall be conducted for a duration of three (3) hours.
- 16.4.2.2 SEE Pattern: 5Q x 12M=60M
- The SEE shall comprise ten (10) descriptive questions, two (2) from each unit with internal choice, i.e., 'either' 'or' choice.
 - The student shall answer one question from each unit.
 - There shall be a maximum of two sub-divisions (a) and/or (b) in any question.
- 16.4.2.3 All units shall carry equal weightage and the SEE shall cover the entire syllabus prescribed for the course.
- 16.5 Field Based Research Project:**
- 16.5.1 Every student shall register for the Field Based Research Project immediately after the completion of the IV Semester (II Year II Semester) End Examinations and shall pursue the same during the intervening summer vacation, as notified in the Academic Calendar.
- 16.5.2 The project shall be carried out in a relevant field setting such as an industry, research organization, laboratory or any approved external agency, providing exposure to real-world data collection and problem-solving.
- 16.5.3 The student shall submit a detailed project report in the prescribed format, outlining the problem definition, objectives, methodology, field observations, data analysis, outcomes and conclusions.
- 16.5.4 The Field Based Research Project shall be evaluated in the V Semester (III Year I Semester) through a Semester End Examination (SEE) only, for a total of 100 marks. There shall be no Continuous Internal Evaluation (CIE) for this course.
- 16.5.5 The SEE shall consist of a project presentation, viva-voce examination and evaluation of the submitted report.
- 16.5.6 The evaluation committee shall comprise an External Examiner, the Head of the

Department, the Project Supervisor and a Senior Faculty Member of the Department.

- 16.5.7 A student shall secure a minimum of 40% marks, i.e., 40 marks out of 100, to successfully pass the Field Based Research Project.
- 16.5.8 A student shall be declared failed in the Field Based Research Project, if he/she:
- Does not submit the project report, or
 - Does not present the project work before the Evaluation Committee as per the notified schedule, or
 - Remains absent during the scheduled evaluation, or
 - Secures less than 40% marks (i.e., 40 marks out of 100) in the overall evaluation.

16.6 Design Thinking:

- 16.6.1 The Design Thinking course is intended to promote creativity, interdisciplinary problem-solving and the application of engineering knowledge to real-world challenges.
- 16.6.2 The course shall culminate in an independent project and shall carry a total of 100 marks.
- 16.6.3 The evaluation of the Design Thinking course shall consist of Continuous Internal Evaluation (CIE) for 40 marks and Semester End Examination (SEE) for 60 marks.
- 16.6.4 The CIE shall be conducted by a committee comprising the Head of the Department, the Course Coordinator and a Senior Faculty Member of the department.
- 16.6.5 The CIE shall be based on two seminars conducted as per the Academic Calendar and evaluated as per the format prescribed by the Dean of Academics.
- 16.6.6 The SEE shall be conducted by a committee comprising the Head of the Department, the Course Coordinator and one External Expert from industry.
- 16.6.7 As part of the SEE, each student shall submit a detailed report describing the design idea and its realisation in the form of a prototype, simulation model, or an equivalent outcome.

16.7 Internship/Industry Oriented Mini-Project:

- 16.7.1 Each student shall undertake either an Internship or an Industry Oriented Mini-Project as a mandatory course requirement of the B.Tech. Programme.
- 16.7.2 The Internship shall be carried out in a reputed industry, research organization, or academic institution. The Industry Oriented Mini-Project shall be carried out in collaboration with an industry relevant to the student's specialization.
- 16.7.3 A student shall register for this course immediately after the completion of the VI Semester (III Year II Semester) End Examinations.
- 16.7.4 The Internship or Industry Oriented Mini-Project shall be pursued during the summer vacation following the VI Semester (III Year II Semester). The work may extend into IV Year I Semester, provided that regular coursework is not affected.
- 16.7.5 The student shall submit a detailed project report in the prescribed format, covering the problem statement, methodology, outcomes and learning reflections.
- 16.7.6 The Internship or Industry Oriented Mini-Project shall be evaluated in the VII Semester (IV Year I Semester) through a Semester End Examination (SEE) only, for a total of 100 marks. There shall be no Continuous Internal Evaluation (CIE) for this course.
- 16.7.7 The Semester End Examination (SEE) shall consist of a presentation and viva-voce evaluated by a committee consisting of an External Examiner (preferably from industry), the Head of the Department, the Supervisor of the Internship/ Industry Oriented Mini-Project, the Internal Project Supervisor and a Senior Faculty Member of the Department.

16.7.8 The evaluation shall assess the student's technical competence, ability to apply engineering knowledge, quality of the report, professionalism exhibited during the internship or mini-project and the effectiveness of the final presentation.

16.8 Major Project:

16.8.1 Every student shall undertake a Major Project beginning in the VII Semester (IV Year I Semester) and continuing into the VIII Semester (IV Year II Semester). To ensure continuity in project-based learning and enable iterative development and evaluation, the Major Project shall be carried out in two stages, designated as Phase-I and Phase-II.

16.8.2 Major Project Phase-I and Phase-II shall each carry one hundred (100) marks. The evaluation in each phase shall consist of Continuous Internal Evaluation (CIE) for forty (40) marks and Semester End Examination (SEE) for sixty (60) marks.

16.8.3 Major Project Phase-I (VII Semester):

16.8.3.1 The CIE for Major Project Phase-I shall be conducted for forty (40) marks by an Evaluation Committee comprising the Head of the Department, the Project Supervisor and a Senior Faculty Member of the Department.

16.8.3.2 The CIE for Phase-I shall be based on two seminars, conducted as per the Academic Calendar and evaluated as per the format approved by the Dean of Academics.

16.8.3.3 Of the forty (40) CIE marks in Phase-I, twenty (20) marks shall be awarded by the Internal Evaluation Committee and twenty (20) marks shall be awarded by the Project Supervisor.

16.8.3.4 The SEE for Major Project Phase-I shall be conducted for sixty (60) marks by a committee comprising the Head of the Department, the Project Supervisor and one Senior Faculty Member of the Department.

16.8.4 Major Project Phase-II (VIII Semester):

16.8.4.1 The CIE for Major Project Phase-II shall be conducted for forty (40) marks by an Evaluation Committee consisting of the Head of the Department, the Project Supervisor and a Senior Faculty Member of the Department.

16.8.4.2 The CIE in Phase-II shall be based on two seminars conducted as per the Academic Calendar and evaluated as per the format approved by the Dean of Academics.

16.8.4.3 Of the forty (40) CIE marks in Phase-II, twenty (20) marks shall be awarded by the Internal Evaluation Committee and twenty (20) marks shall be awarded by the Project Supervisor.

16.8.4.4 The SEE for Major Project Phase-II shall be conducted for sixty (60) marks in the form of a viva-voce examination. The SEE committee shall consist of an External Examiner, the Head of the Department, the Project Supervisor and Senior Faculty Member of the Department.

16.8.5 The topic selected for the Internship or Industry Oriented Mini-Project shall be distinct from the topic chosen for the Major Project. The Phase-I and Phase-II work shall be a continuation of the same Major Project topic, ensuring progressive development and depth of study.

16.8.6 Conditions for Failure and Reappearance:

16.8.6.1 A student shall be deemed to have failed in Major Project Phase-I if the student:

- a) Does not submit the project report as per the notified schedule, or
- b) Does not present the project work before the Evaluation Committee, or
- c) Remains absent during the scheduled evaluation, or
- d) Secures less than forty percent (40%) of the total marks obtained from CIE and SEE

combined.

16.8.6.2 A student shall be deemed to have failed in Major Project Phase-II if the student:

- a) Does not submit the project report as per the notified schedule, or
- b) Does not present the project work before the Evaluation Committee, or
- c) Remains absent during the scheduled evaluation, or
- d) Secures less than forty percent (40%) of the total marks obtained from CIE and SEE combined.

16.8.6.3 A student who fails in either Phase-I or Phase-II may reappear once when the evaluation is next scheduled. If the student fails in this permitted reappearance, the student shall be required to reappear in the subsequent semester, as and when the evaluation is next scheduled.

16.9 Additional Learning Resources and MOOCs:

16.9.1 Students are encouraged to acquire additional course-related knowledge through approved online learning resources hosted on national and international MOOC platforms. These courses are intended to supplement learning and shall not carry any credits.

16.9.2 The Institute shall notify, from time to time, a list of approved MOOCs and other online learning resources relevant to the curriculum, through official academic portals or circulars, for the benefit of students.

16.9.3 MOOCs and additional learning resources shall be classified into the following categories:

- a) Prerequisite Courses: To provide foundational knowledge and the necessary background required for successful completion of regular courses.
- b) Reinforcement Courses: To strengthen and broaden understanding of topics covered in regular courses through alternative perspectives.
- c) Aspirational Courses: To facilitate advanced exposure and next-level learning beyond the prescribed curriculum.

16.9.4 MOOCs may be pursued by students based on their academic interests and learning needs, subject to:

- a) relevance of the course to the programme of study;
- b) availability of the MOOCs during the concerned semester; and
- c) prior approval for considering such courses as recommended learning resources.

16.9.5 MOOCs and additional learning resources introduced under these Regulations are intended to promote self-learning, foster lifelong learning habits and enhance student exposure to global academic content, in alignment with UGC guidelines.

16.10 Value Added Courses:

16.10.1 The evaluation pattern for Value Added Courses shall be the same as that prescribed for theory courses under these Regulations.

16.10.2 The Sessional Examinations and Semester End Examinations for Value Added Courses shall be scheduled independently and shall not be combined with, or overlap, the mainstream examinations of the regular curriculum.

16.10.3 A proctored Sessional Examination of one-hour or 45 minutes duration shall be conducted during regular class hours by the respective course instructor. The conduct of this examination shall not disrupt other scheduled classes on that day.

16.10.4 The Semester End Examinations for Value Added Courses shall be scheduled and notified by the Examination Branch from time to time, as per institutional requirements.

16.11 Skill Development Courses:

- 16.11.1 The Curriculum shall include four (4) Skill Development Courses, to be offered in the III Semester (II Year I Semester), IV Semester (II Year II Semester), V Semester (III Year I Semester) and VI Semester (III Year II Semester) of the B.Tech. Programme.
- 16.11.2 Each Skill Development Course shall carry one (1) credit and shall be treated as a distinct academic requirement within the Programme Structure.
- 16.11.3 The evaluation pattern for Skill Development Courses shall be identical to that prescribed for laboratory courses, comprising Continuous Internal Evaluation and Semester End Examination, conducted by Internal and External examiner, as applicable.
- 16.11.4 Skill Development Courses are intended to enhance cognitive and psychomotor skills, thereby strengthening students' practical, analytical and application-oriented competencies.
- 16.11.5 Departments shall ensure that the Skill Development Courses offered are aligned with the expected graduate attributes and contribute meaningfully to the overall Programme Outcomes.

16.12 Mandatory Audit Courses:

- 16.12.1 A student shall pursue all mandatory audit courses as specified in the approved course structure of the B.Tech. Programme.
- 16.12.2 Mandatory Audit Courses shall be classified as compulsory requirements, but shall not carry any credits.
- 16.12.3 Although Mandatory Audit Courses do not carry credits, a student must secure a minimum of 40 marks out of 100 to obtain a "Satisfactory" status, which is a mandatory requirement for the award of the Degree.
- 16.12.4 Two Sessional Examinations i.e., SE-I and SE-II shall be conducted in each semester for every Mandatory Audit Course, as per the Academic Calendar.
- 16.12.5 Each Sessional Examination shall be evaluated for 50 marks.
- 16.12.6 The question paper pattern for Sessional Examinations of Mandatory Audit Courses (50 marks each) shall be as follows:
- a) Sessional Examination - I (SE-I):**
- Unit I: Q.1 **AND** Q.2 [10 + 10 = 20 marks]
 - Unit II: Q.3 **AND** Q.4 [10 + 10 = 20 marks]
 - Unit III: Q.5 [10 marks]
- b) Sessional Examination - II (SE-II):**
- Unit III: Q.1 [10 marks]
 - Unit IV: Q.2 **AND** Q.3 [10 + 10 = 20 marks]
 - Unit V: Q.4 **AND** Q.5 [10 + 10 = 20 marks]
- 16.12.7 The sum of marks obtained in SE-I and SE-II shall constitute the final sessional marks for the Mandatory Audit Course.
- 16.12.8 The performance in each Mandatory Audit Course shall be reported as "Satisfactory" or "Not Satisfactory". No numerical marks or letter grades shall be awarded.

16.13 Virtual Laboratories:

- 16.13.1 Virtual Laboratories shall comprise internet-enabled experimental platforms that allow remote or simulated operation of laboratory experiments, with the objective of promoting curiosity, innovation and experiential learning among students.
- 16.13.2 The primary purpose of Virtual Laboratories is to provide students with opportunities to perform experiments that enhance conceptual understanding and strengthen competence in the respective disciplines.

- 16.13.3 Students may utilize Virtual Laboratories to perform advanced or specialized experiments that are not available in the Institute but are relevant for supplementing learning in specific courses.
- 16.13.4 Each Department offering B.Tech. Programmes shall prepare and notify a list of approved Virtual Laboratories and experiments that may be undertaken by students during the Programme. The selection of specific Virtual Laboratory courses or experiments by a student shall be based on this approved list, recommended by the concerned Head of the Department and communicated to the Academic Section for approval and record.
- 16.13.5 Participation in Virtual Laboratory courses or experiments shall be optional and shall be in addition to the mandatory laboratory courses prescribed in the curriculum.

17.0 CONDUCT OF SEMESTER END EXAMINATIONS AND EVALUATION:

- 17.1 The Semester End Examinations (SEE) for all Theory and Practical Courses shall be conducted under the supervision of the Controller of Examinations (CoE).
- 17.2 The CoE shall invite Question Papers for the SEE from qualified External Examiners, drawn from panels approved by the appropriate statutory authorities.
- 17.3 The Question Papers received from External Examiners may be subjected to moderation to ensure adequate coverage of the prescribed syllabus, adherence to the approved examination pattern and conformity with academic standards.
- 17.4 The Examiner appointed for moderation shall prepare and submit a detailed Answer Key and Scheme of Valuation for the respective Question Paper to the CoE.
- 17.5 The valuation of answer scripts of the Semester End Examinations shall be carried out by examiners appointed by the Controller of Examinations from approved panels, in accordance with the Scheme of Valuation and procedures approved by the Academic Council and as per the University norms.
- 17.6 The SEE for Laboratory/Practical Courses shall be conducted by a panel comprising both an Internal Examiner and an External Examiner, in accordance with the norms specified in these Regulations.
- 17.7 Declaration of results, withholding of results, revaluation and recounting of marks and conduct of Supplementary Examinations shall be governed by Clauses 18.0, 19.0, 20.0, and 21.0 of these Regulations, as applicable. Cases relating to unfair means and malpractice shall be governed by the Malpractice Rules appended to these Regulations, as amended from time to time.

PART 5: RESULTS, GRADING AND PROMOTION

18.0 DECLARATION OF RESULTS AND ISSUE OF MEMORANDUM OF GRADES:

- 18.1 At the time of declaration of results, the Institute Examination Portal shall display the marks secured by each student in every course, with a clear break-up of CIE and SEE marks.
- 18.2 After completion of every semester, a Memorandum of Grades shall be issued to all registered students. The Memorandum of Grades shall contain the following details:
- Course details including course code, course title and number of credits registered;
 - Letter grade awarded in each course;
 - Credits earned.
- 18.3 The CIE and SEE marks secured by the student shall not be shown in the Memorandum of Grades.

19.0 WITHHOLDING OF RESULTS:

- 19.1 The results of a student may be withheld if tuition fees or any other dues payable to the Institute remain unpaid at any stage during the Programme, or if any disciplinary case is pending against the student.
- 19.2 A student whose results are withheld shall not be permitted to register for, or be promoted to the next higher semester until all pending dues are cleared and disciplinary issues, if any, are fully resolved.
- 19.3 The award or issue of the Provisional Certificate shall also be withheld in such cases until full clearance of dues and closure of disciplinary proceedings, if any, are concluded to the satisfaction of the competent authority.

20.0 REVALUATION:

- 20.1 A student may apply for revaluation of the evaluated answer script of any Theory Course by paying the prescribed fee within the period notified by the Controller of Examinations.
- 20.2 The CoE shall arrange for the revaluation by assigning the answer script to a qualified evaluator and the revaluation result shall be declared within the stipulated timeline.
- 20.3 Revaluation is permitted only for Theory Courses. Revaluation shall not be permitted for Laboratory/Practical Courses, Project, Internship/Industry Oriented Mini-Project, or any other non-theory components.

21.0 SUPPLEMENTARY EXAMINATIONS:

21.1 Conduct of Supplementary Examinations:

- 21.1.1 Supplementary Examinations shall be conducted along with the regular SEE for students having backlog courses.
- 21.1.2 During the SEE of an even semester, Supplementary Examinations shall be conducted for odd semester courses.
- 21.1.3 During the SEE of an odd semester, Supplementary Examinations shall be conducted for even semester courses.

21.2 Advanced Supplementary Examinations for VIII Semester:

- 21.2.1 Advanced Supplementary Examinations may be conducted for VIII Semester (IV Year II Semester) courses, with the objective of facilitating early completion of degree requirements and enabling the timely issue of the B.Tech. Provisional Certificate.
- 21.2.2 These Advanced Supplementary Examinations may be scheduled within one month from the date of declaration of the regular examination results of the VIII Semester (IV Year II Semester).
- 21.2.3 No further supplementary examinations shall be conducted for VIII Semester courses in the immediately succeeding semester.
- 21.2.4 Students who do not secure a pass grade in the Advanced Supplementary Examinations shall be required to appear for the backlog courses in the next applicable regular examination cycle of the subsequent batch.

21.3 Applicability:

- 21.3.1 All policies, procedures and evaluation rules applicable to regular Semester End Examinations shall also apply to Supplementary and Advanced Supplementary Examinations unless otherwise specified.

22.0 GRADING PROCEDURE:

- 22.1 **Grading System:** An absolute grading system with a 10-point grading scale shall be followed for the evaluation of student performance in all courses of the programme.

22.2 Applicability of Grades:

- 22.2.1 Grades shall be awarded to indicate the performance of students in each Theory, Laboratory, Internship/Industry Oriented Mini-Project, Skill Development, Value Added and Project Courses.
- 22.2.2 The award of grades shall be based on the total percentage of marks obtained, computed by considering the Continuous Internal Evaluation (CIE) and the Semester End Examination (SEE) together, as specified in the relevant evaluation clauses of these Regulations.

- 22.3 **Grade Scale:** The following letter grades and corresponding grade points (GP) shall be adopted to measure the academic performance of a student, as shown in Table 6:

Table 6: Letter Grades and Grade Points

Percentage of Marks	Letter Grade	Description	Grade Points (GP)
≥ 90	O	Outstanding	10
≥ 80 and < 90	A+	Excellent	9
≥ 70 and < 80	A	Very Good	8
≥ 60 and < 70	B+	Good	7
≥ 50 and < 60	B	Average	6
≥ 40 and < 50	C	Pass	5
< 40	F	Fail	0
Absent	Ab	Absent	0

- 22.4 **Minimum Requirement for Passing:** A student shall be declared to have passed a course if he/she secures a minimum of 'C' grade (Grade Point ≥ 5) in that course and fulfills all minimum component requirements as specified in Clause 15.2.1.

22.5 Failure and Supplementary Examination:

- 22.5.1 A student who secures an 'F' grade in any course shall be deemed to have failed in that

course and shall be required to reappear for the supplementary examination, as and when conducted.

22.5.2 The internal marks obtained in the regular examination shall be retained for all such supplementary attempts.

22.5.3 A student who does not appear for the Semester End Examination in any course shall be awarded an 'Ab' grade in that course and shall be deemed to have failed. Such a student shall be required to reappear for the supplementary examination, with the internal marks remaining unchanged.

22.6 A student shall be declared to have successfully passed a semester only if he/she secures a 'C' grade or above in every course registered in that semester.

22.7 Display of SGPA on Grade Memorandum:

22.7.1 The Semester Grade Point Average (SGPA) shall be displayed on the Memorandum of Grades only if the student passes all courses of that semester in the first attempt.

22.7.2 If a student clears all the courses of a semester after one or more subsequent attempts, the SGPA shall be displayed on the grade memorandum corresponding to the attempt in which the last pending course of that semester is cleared.

22.8 For all purposes of merit ranking, comparison, awards, or listing, only the rounded-off value of the Cumulative Grade Point Average (CGPA) shall be considered.

23.0 COMPUTATION OF SGPA AND CGPA:

23.1 Semester Grade Point Average (SGPA):

23.1.1 The SGPA shall be computed only when a student has cleared all the courses registered in that semester.

23.1.2 The SGPA shall be calculated using the formula:

$$SGPA = \frac{\text{Total earned weighted grade points in a semester}}{\text{Total credits in a semester}}$$

$$SGPA = \frac{\sum_{i=1}^p C_i * G_i}{\sum_{i=1}^p C_i}$$

Where:

C_i = Number of credits allotted to a particular course 'i'

G_i = Grade point corresponding to the letter grade awarded to the course 'i'

$i = 1, 2, \dots, p$ represent the number of courses in a particular semester

23.1.3 The SGPA shall be rounded off to two decimal places.

23.1.4 The SGPA of a semester shall be printed on the Memorandum of Grades only in accordance with the provisions of Clause 22.7 of these Regulations.

23.2 Cumulative Grade Point Average (CGPA):

23.2.1 The CGPA shall be computed after the completion of each semester from II semester onwards.

23.2.2 The CGPA shall be calculated using the formula:

$$CGPA = \frac{\text{Total earned weighted grade points for the entire programme}}{\text{Total credits for the entire programme}}$$

$$CGPA = \frac{\sum_{j=1}^m C_j * G_j}{\sum_{j=1}^m C_j}$$

Where:

C_j = number of credits allotted to a particular course 'j'

G_j = grade point corresponding to the letter grade awarded to that course 'j'

$j = 1, 2, \dots, m$ represent the number of courses of the entire programme

23.2.3 Only the best 160 credits earned by the student out of all registered courses shall be considered for CGPA computation.

23.2.4 The CGPA shall be rounded off to two decimal places.

23.2.5 Grade lower than 'C' shall not be considered for CGPA computation.

23.2.6 The CGPA shall be awarded only after the student earns the required 160 credits for the program.

23.3 Illustration of Calculation of SGPA:

Table 7: Computation of SGPA

Course Name	Course Credits (C)	Letter Grade	Grade Point (GP)	Credit Point (CP = C x GP)
Course 1	3	A	8	3 x 8 = 24
Course 2	4	B+	7	4 x 7 = 28
Course 3	3	B	6	3 x 6 = 18
Course 4	3	O	10	3 x 10 = 30
Course 5	3	C	5	3 x 5 = 15
Course 6	4	B	6	4 x 6 = 24
TOTAL CREDITS	20	TOTAL CREDIT POINTS		139

$$\text{Thus, SGPA} = \frac{139}{20} = 6.95$$

23.4 Illustration of Calculation of CGPA:

Table 8: Computation of CGPA

Semester	Course Name	Course Credits (C)	Letter Grade Secured	Grade Point (GP)	Credit Point (CP = C x GP)
I	Course 1	4	A	8	32
I	Course 2	3	O	10	40
I	Course 3	3	B	6	18

I	Course 4	3	C	5	15
I	Course 5	1	A+	9	9
I	Course 6	1	B+	7	7
I	Course 7	3	O	10	30
I	Course 8	1	C	5	5
I	Course 9	1	A	8	8
II	Course 10	3	A	8	24
II	Course 11	3	A+	9	27
II	Course 12	3	B	6	18
II	Course 13	3	A	8	24
II	Course 14	3	A+	9	27
II	Course 15	1	A	8	8
II	Course 16	1	A	8	8
II	Course 17	2	B	6	12
II	Course 18	1	A+	9	9
TOTAL CREDITS AT THE END OF II SEMESTER		40	TOTAL CREDIT POINTS		321

$$\text{Thus, CGPA} = \frac{321}{40} = 8.02$$

23.4.1 The procedure illustrated above shall be applied at the end of every semester from the II Semester onwards, until the completion of the VIII Semester (IV Year II Semester).

23.4.2 The CGPA computed at the end of the VIII Semester (IV Year II Semester), after considering the best 160 credits as applicable, shall be deemed the final CGPA of the student for the award of the B.Tech. Degree.

24.0 PROMOTION RULES:

24.1 Apart from fulfilling the minimum attendance requirements as stipulated under Clause 14.0 of these Regulations, a student shall also satisfy the prescribed credit conditions for promotion from one semester to the next semester.

24.2 The promotion requirements shall be as specified in Table 9 below.

Table 9: Promotion Rules

S. No.	Promotion	Conditions to be fulfilled
1	I Semester (I Year I Semester) to II Semester (I Year II Semester)	i. Regular course of study of I Semester (I Year I Semester).
2	II Semester (I Year II Semester) to III Semester (II Year I Semester)	i. Regular course of study of II Semester (I Year II Semester). ii. Must have secured at least 25% of the total credits up to II Semester, i.e., 10 credits out of 40 credits, from all relevant regular and supplementary examinations, whether the student appeared for those examinations or not.
3.	III Semester (II Year I Semester) to IV Semester (II Year II Semester)	i. Regular course of study of III Semester (II Year I Semester).
4	IV Semester (II Year II Semester) to V Semester (III Year I Semester)	i. Regular course of study of IV Semester (II Year II Semester). ii. Must have secured at least 25 % of the total credits up to IV Semester (II Year II Semester) i.e., 21 credits out of 81 credits of the respective programme from all relevant regular and supplementary examinations, whether the student appeared for those examinations or not.
5	V Semester (III Year I Semester) to VI Semester (III Year II Semester)	i. Regular course of study of V Semester (III Year I Semester).
6	VI Semester (III Year II Semester) to VII Semester (IV Year I Semester)	i. Regular course of study of VI Semester (III Year II Semester).
7	VII Semester (IV Year I Semester) to VIII Semester (IV Year II Semester)	i. Regular course of study of VII Semester (IV Year I Semester)

24.3 A student who does not fulfill the above promotion conditions shall not be permitted to register for the next higher semester.

24.4 Such a student shall be eligible for re-admission into the same semester in the next academic year, subject to fulfillment of the academic requirements as per these Regulations.

25.0 CONVERSION OF CGPA INTO EQUIVALENT PERCENTAGE OF MARKS:

25.1 Whenever conversion of the final CGPA into an equivalent percentage of marks is required, the following formula shall be used:

$$\% \text{ of Marks} = (\text{Final CGPA} - 0.5) \times 10$$

25.2 The above conversion formula shall be applicable only where the percentage of marks is explicitly required for official or statutory purposes.

PART 6: AWARD OF DEGREE

26.0 CREDIT EXEMPTION POLICY:

26.1 Registration and Credit Requirements:

- 26.1.1 A student shall register for all courses prescribed in the curriculum, totaling 164 credits.
- 26.1.2 A student must earn a minimum of 160 credits to be eligible for the award of the B.Tech. Degree in the concerned branch of Engineering.

26.2 Credit Exemption Provision:

- 26.2.1 For the purpose of satisfying the minimum credit requirement, a student may avail a credit exemption of up to 4 credits from the total registered credits of 164.
- 26.2.2 The exemption permitted under Clause 26.2.1 shall apply only to courses other than:
- Professional Core Courses
 - Laboratory Courses
 - Seminar
 - Project Work
 - Field Based Research Project
 - Internship/Industry Oriented Mini-Project

- 26.2.3 Only the best 160 credits earned by the student shall be considered for final CGPA computation, after availing the permitted credit exemption.

26.3 Exclusion of Minor and Honors Credits:

- 26.3.1 Credits earned under a Minor Degree Programme shall not be counted towards the minimum 160 credits required for the award of the regular B.Tech. Degree.
- 26.3.2 Credits earned under an Honors Degree Programme shall also not be counted towards the minimum 160 credits required for the regular B.Tech. Degree.

26.4 SGPA Reporting:

- 26.4.1 The Semester Grade Point Average (SGPA) of a semester shall be displayed on the Grade Card only after the student has passed all courses registered in that semester.

27.0 SCHEME FOR THE AWARD OF DEGREE:

27.1 Award of B.Tech. Degree:

- 27.1.1 A student shall be declared eligible for the award of the B.Tech. Degree in the branch of Engineering allotted at the time of admission if the student pursues the programme of study for not less than four (4) academic years and not more than eight (8) academic years from the date of commencement of the first academic year.
- 27.1.2 A student shall register for all courses prescribed in the curriculum corresponding to 164 credits and shall earn a minimum of 160 credits with a final CGPA of not less than 5.0.
- 27.1.3 A student who fails to fulfil all the academic requirements for the award of the Degree within eight (8) academic years from the date of admission shall forfeit the seat in the B.Tech. Programme.

27.2 Awarding of Class based on CGPA:

- 27.2.1 A student who qualifies for the award of the Degree as per Clause 27.1 shall be placed in one of the following classes based on the final CGPA as shown in Table 10.

Table 10: CGPA and Class

CGPA	Class
$\geq 7.5^*$	First Class with Distinction *
≥ 6.5 and < 7.5	First Class
≥ 5.5 and < 6.5	Second Class
≥ 5.0 and < 5.5	Pass Class

27.2.2 *** Conditions for First Class with Distinction:** A student shall be placed in **First Class with Distinction** if all of the following conditions are satisfied:

- The student has passed all courses in the first appearance (regular examinations only).
- The student has not been detained at any stage of the programme due to shortage of attendance or credits.
- The student has not been subjected to any disciplinary action during the programme.

27.2.3 A student with $\text{CGPA} \geq 7.5$ who does not satisfy the conditions in Clause 27.2.2 shall be placed in **First Class**.

27.3 Grace Marks:

27.3.1 Grace marks may be awarded to students who have completed the entire course work of the B.Tech. Programme but have failed in not more than three (3) courses, provided the addition of such marks enables the student to pass the concerned course(s) and qualify for the award of the Degree.

27.3.2 The total grace marks awarded shall not exceed 0.15% of the total maximum marks of all eight semesters, excluding marks allocated for Value Added Courses and Skill Development Courses.

27.3.3 Grace marks shall be awarded strictly in accordance with the guidelines issued by the Institute from time to time.

28.0 AWARD OF GOLD MEDAL:

28.1 Only those students who satisfy all conditions for First Class with Distinction as per Clause 27.2.2 shall be eligible for the award of the Gold Medal.

28.2 Eligibility for the Gold Medal shall be restricted to students who have been awarded First Class with Distinction, as defined under Clause 27.0 of these Regulations, subject to additional criteria as approved by the Academic Council from time to time, including:

- The student shall have secured the highest Cumulative Grade Point Average (CGPA) among the eligible graduating students.

28.2 In the event of a tie among eligible students, the following criteria shall be applied sequentially for determining the Gold Medal recipient:

- Higher number of semesters with the highest SGPA.
- If still tied, the higher total number of 'O' (Outstanding) and 'A+' (Excellent) grades secured across all courses.
- If still tied, the higher SGPA shall be considered sequentially from Semester I to Semester VIII.

PART 7: SPECIAL PROGRAMMES

29.0 HONOURS AND MINOR DEGREE PROGRAMMES:

29.1 Introduction:

- 29.1.1 B.Tech. Honours and Minor Degree Programmes shall be offered in all branches of the B.Tech. Programme in accordance with the curriculum approved by the Academic Council.
- 29.1.2 The Minor Degree Programme shall commence from IV Semester (II Year II Semester) and may be pursued up to VII Semester (IV Year I Semester).
- 29.1.3 The Honours Degree Programme shall commence from V Semester (III Year I Semester) and may be pursued up to VIII Semester (IV Year II Semester).

29.2 Award of B.Tech. (Honours) Degree:

- 29.2.1 A student shall be awarded the B.Tech. (Honours) Degree upon earning an additional 20 credits, over and above the minimum 160 credits required for the regular B.Tech. Degree exclusively during III and IV years of the programme.
- 29.2.2 A minimum CGPA of 7.5 must be maintained in each semester from V to VIII, as well as at the completion of the regular B.Tech. Degree requirements.
- 29.2.3 The student must pass all courses of both the regular B.Tech. Degree and the Honours Programme in the first appearance (regular examinations).
- 29.2.4 Weekly instruction hours, internal evaluation, external evaluation and award of grades for Honours courses shall be on par with the regular four-year B.Tech. Programme.
- 29.2.5 Credits earned in the Honours Programme shall not be transferred to the regular B.Tech. Degree and vice-versa.
- 29.2.6 A student losing eligibility for any reason (including failure in any registered course of either programme) shall not be awarded the Honours Degree but shall remain eligible for the regular B.Tech. Degree upon satisfying its requirements.
- 29.2.7 Only courses listed in the approved Honours curriculum shall be permitted. Courses already studied/registered in the regular B.Tech. Degree curriculum shall not be repeated for Honours.
- 29.2.8 Prior approval of the Faculty Mentor/Advisor and Head of the Department is mandatory before registering for the Honours Programme.
- 29.2.9 A student opting for the Honours Programme shall not be permitted to register for a Minor Degree and vice-versa.

29.3 Eligibility Criteria for B.Tech. (Honours) Degree:

- 29.3.1 Only students entering V Semester (III Year I Semester) who have passed all courses in the first attempt up to III Semester (II Year I Semester) with a CGPA ≥ 7.5 shall be eligible to apply.
- 29.3.2 If more than 30% of students in a branch satisfy the eligibility criteria, the number of seats shall be restricted to 30%, based on CGPA up to III Semester.

29.4 Award of B.Tech. Minor Degree:

- 29.4.1 A student shall be awarded a Minor Degree in a specified discipline upon earning 18 additional credits, over and above the minimum 160 credits of the regular B.Tech. Degree, during IV to VII semesters.

- 29.4.2 The Minor Degree must be completed within the stipulated duration (twice the duration of the Minor curriculum). Failing this, the student will not be awarded the Minor Degree but shall remain eligible for the regular B.Tech. Degree upon fulfilling its requirements.
- 29.4.3 Weekly instruction hours, evaluation procedures and grading for Minor courses shall be identical to those of regular B.Tech. courses.
- 29.4.4 No transfer of credits shall be permitted between the Minor Programme and the regular B.Tech. Degree.
- 29.4.5 A student may pursue only one Minor Programme. Students opting for Minor shall not be eligible for the Honours Programme and vice-versa.
- 29.4.6 Courses selected for the Minor must be from the approved Minor course structure and must not duplicate any course studied/registered in the regular B.Tech. Degree.

29.5 Eligibility Criteria for B.Tech. Minor Degree:

- 29.5.1 Only students entering IV Semester (II Year II Semester) with no active backlogs up to II Semester (I Year II Semester) shall be eligible to apply for a Minor Programme.
- 29.5.2 If more than 50% of students in a branch satisfy the eligibility criteria, enrolment shall be restricted to 50%, based on CGPA as per Institute norms.
- 29.5.3 Prior approval of the Faculty Mentor/Advisor and Head of the Department is mandatory before registering for the Minor Programme.

29.6 General Conditions:

- 29.6.1 A student shall not be permitted to pursue both Honours and Minor Programmes simultaneously.
- 29.6.2 Only the Institute-approved Honours and Minor structures shall be offered to students.
- 29.6.3 Detailed guidelines for registration, delivery, evaluation and credit transfer for Honours and Minor Programmes shall be issued by the Institute from time to time.

30.0 MULTIPLE ENTRY AND MULTIPLE EXIT (MEME) SCHEME:**30.1 Introduction:**

- 30.1.1 The Institute implements the Multiple Entry and Multiple Exit (MEME) Scheme in accordance with the National Education Policy (NEP) 2020 and as per the Regulations prescribed by JNTUH under R25.
- 30.1.2 The MEME Scheme provides flexibility to students to exit and re-enter the B.Tech. Programme at specified stages, subject to the fulfillment of prescribed academic and additional requirements.

30.2 Exit after Completion of II Year II Semester:

- 30.2.1 A student may opt to exit the four-year B.Tech. Degree Programme after successful completion of the IV Semester (II Year II Semester), provided the following conditions are fulfilled:
- a) The student formally submits the exit plan one semester in advance, i.e., at the commencement of IV Semester (II Year II Semester).
 - b) The student has earned all credits prescribed up to IV Semester (II Year II Semester).
 - c) The student has completed all additional requirements as specified under Clause 27.3 of the Regulations.
- 30.2.2 Upon meeting the above requirements, the student shall be awarded a Two-Year Undergraduate Diploma in the respective branch of Engineering.

30.3 Additional Requirements for Award of Diploma:

- 30.3.1 For award of the Two-Year Undergraduate Diploma, the student must complete 2

additional credits through one of the following pathways:

a) Work-Based Vocational Course:

Participation in an approved hands-on vocational or skill-based training programme relevant to the field of Engineering, generally offered during the summer term.

b) Internship/Apprenticeship:

Completion of a minimum 8-week internship or apprenticeship in a relevant industry or organization, along with submission and approval of the internship/apprenticeship report as per Institute guidelines.

30.3.2 The student shall satisfy all associated evaluations, submissions and other requirements as per the schedules and norms prescribed by the Institute.

30.4 Re-entry into the B.Tech. Programme:

30.4.1 A student who has exited with a Two-Year Undergraduate Diploma may apply for re-entry into the V Semester (III Year I Semester) of the B.Tech. Degree Programme, subject to the following conditions:

a) The student shall surrender the Diploma Certificate at the time of re-entry.

b) Re-entry shall be permitted only into the same branch of Engineering and the same Institute from which the student exited.

c) If the specific branch is no longer offered by the Institute, the student must seek guidance from the University for a suitable alternative.

d) The student rejoining the programme shall be governed by the Academic Regulations in force at the time of re-entry, irrespective of the regulations applicable at the time of original admission.

30.4.2 If a student chooses to continue the B.Tech. Degree Programme without a break after the award of the Diploma, the student shall register for V Semester (III Year I Semester) courses before the commencement of classwork for that semester.

30.5 Break in Study under MEME:

30.5.1 A student may avail a break of up to four years after completion of IV Semester (II Year II Semester) subject to prior approval from the University, through the Institute Principal, supported by valid justification and supporting documents.

30.5.2 Re-entry following a break shall comply with the provisions of Clause 30.4 and the maximum duration of the programme as specified in Clauses 27.1 & 30.6.

30.6 Maximum Duration for Programme Completion:

30.6.1 The maximum permissible duration for completion of the four-year B.Tech. Degree Programme, including any exit, break, or re-entry under the MEME scheme, shall be twice the duration of the programme i.e., eight (8) years from the initial date of admission into B.Tech. I Year.

PART 8: ADDITIONAL PROVISIONS

31.0 CREDIT TRANSFER:

31.1 General Provisions:

31.1.1 Credit transfer for a student from other Institutions to VNR Vignana Jyothi Institute of Engineering and Technology (VNRVJIET) shall be permitted for the Undergraduate Programmes in accordance with the Government Orders (GOs) issued by the Government of Telangana from time to time.

31.2 Credit Transfer from Other Institutions to VNRVJIET:

31.2.1 A student currently pursuing a programme in any other Institution may be admitted to VNRVJIET through transfer, subject to the notification and orders issued by the Government of Telangana and under the following conditions:

a) At the time of transfer, credits shall be assigned based on the equivalence of courses already completed by the student at the previous Institution. Course equivalence shall be determined by the University/Government/Competent Authority and approved by the Academic Council.

b) A student transferred from another Institution shall be governed by all rules, regulations, curriculum, academic requirements and disciplinary provisions of VNRVJIET from the date of admission.

31.3 Credit Transfer through MOOCs:

31.3.1 Credit transfer for courses completed through approved Massive Open Online Courses (MOOCs), such as SWAYAM-NPTEL, shall be permitted in accordance with guidelines issued by the Institute from time to time.

31.3.2 Only MOOCs that satisfy the eligibility criteria notified by the Academic Section and approved by the Board of Studies (BoS)/Academic Council shall be considered for credit transfer.

31.3.3 The student shall follow the prescribed procedure for registration, approval, evaluation and submission of certificates to become eligible for credit transfer.

32.0 DISCIPLINE:

32.1 Every student shall maintain discipline and decorum within and outside the Institute and shall not engage in any act that brings disrepute to the Institute.

32.2 Students shall strictly abide by all rules, guidelines, codes of conduct and instructions issued by the Institute from time to time, including but not limited to:

- a) Conduct in classrooms, laboratories, library and common areas
- b) Dress code and identity card compliance
- c) Restrictions on the use of mobile phones and electronic devices
- d) Campus safety and security rules
- e) Hostel rules and transport rules
- f) Social media and cyber conduct guidelines.

32.3 Acts of Misconduct and Related Policies:

(a) **Acts of Misconduct:** Acts of misconduct such as ragging (as defined by UGC and Anti-Ragging Regulations), physical or verbal abuse, sexual misconduct, harassment,

intimidation, fighting, threatening behaviour, discrimination, bullying (including cyber-bullying), possession or consumption of alcohol or drugs, damage to property, disorderly conduct, or disruption of academic or administrative activities shall attract strict disciplinary action as per Institute rules and/or applicable statutory and legal provisions.

(b) **Drug-Free Campus Policy:** The Institute shall maintain a Drug-Free Campus. Possession, consumption, distribution, sale, or promotion of narcotic drugs, psychotropic substances, tobacco products, or any intoxicating substances within the campus or during any Institute-sponsored activity is strictly prohibited and shall be dealt with in accordance with Institute disciplinary rules and applicable laws.

(c) **Anti-Ragging Measures:** Ragging in any form, whether physical, verbal, psychological, written, or electronic, within or outside the Institute campus, is strictly prohibited. Any student found guilty of ragging shall be punished as per the UGC Regulations on Curbing the Menace of Ragging in Higher Educational Institutions, as amended from time to time and the rules and procedures adopted by the Institute.

32.4 Any student indulging in malpractice or misbehaviour in any component of assessment (Theory/Practical, CIE/SEE, Online/Offline) or during any academic activity shall be liable for punitive action as per the Malpractice Rules as defined under these Regulations.

32.5 All students shall adhere to Institute notifications, circulars, special instructions and statutory policies such as Anti-Ragging Regulations, Student Code of Conduct, Gender Sensitization Regulations and Safety Policies. Violation of the same shall invite disciplinary action.

32.6 The competent authority of the Institute shall determine the nature and extent of disciplinary action and such decisions shall be final and binding on the student.

33.0 TRANSITORY REGULATIONS:

33.1 Students Detained Due to Shortage of Attendance:

33.1.1 A student detained in any semester of B.Tech. under R19, A19, or R22 Regulations shall be permitted to seek readmission into the corresponding semester of R25 Regulations, provided the maximum duration of eight (08) academic years from the first admission into I Year is not exceeded.

33.1.2 The student shall register for equivalent substitute course(s) in place of repeated courses, as decided by the Chairman, Board of Studies (BoS) of the concerned department.

33.2 Students Detained Due to Shortage of Credits:

33.2.1 A student admitted under R19, A19, or R22 Regulations and detained due to shortage of credits shall be promoted to the next semester of R25 Regulations only after acquiring the required credits as per the Regulations applicable at the time of first admission.

33.3 Applicable to Readmitted Students under R25:

33.3.1 A student who has failed in any course(s) under previous Regulations shall pass those course(s) only under the same Regulations.

33.3.2 If a student readmitted to R25 Regulations has course(s) with 80% or more similarity in the syllabus with the corresponding course(s) of previous Regulations, then such course(s) shall be substituted by equivalent course(s) as approved by the Board of Studies of the concerned department.

33.3.3 If a student readmitted to R25 regulations has not studied prerequisite course(s) / topic(s) required in further courses, the concerned department shall conduct remedial classes for the benefit of the student.

33.3.4 Credit exemption for readmitted students shall be as permitted under R25 Academic Regulations (Refer Clause 26 on Credit Exemption).

33.3.5 From the semester of readmission onward, the student shall follow R25 curriculum, regulations and evaluation pattern.

33.4 Student Transfer:

33.4.1 There shall be no branch transfer after the completion of admission process.

33.4.2 A student seeking transfer to VNRVJIET from other Universities/Institutions shall be required to pass all courses as specified in the equivalence/clearance letter issued by the University, including:

- Courses equivalent to any failed courses at the previous institution and
- Courses prescribed by VNRVJIET that were not studied at the earlier institution.

33.4.3 Transferred students shall be provided one opportunity to appear for Computer Based Tests (CBTs) for awarding the CIE component in equivalent courses, as specified in the clearance/equivalence letter issued by the University.

33.4.4 The decision of the Academic Council, based on the recommendations of the respective Boards of Studies (BoS), shall be final in respect of the allocation of equivalent and/or substitute courses for transferred students.

33.4.5 The transfer of students from other institutions to VNRVJIET shall be approved by the Academic Council and Governing Council of the Institute.

33.5 Applicability:

33.5.1 R25 Academic Regulations shall be applicable to students from the semester of readmission/transfer onward.

33.5.2 All readmitted or transferred students shall follow the curriculum, regulations and evaluation pattern prescribed under R25 Regulations, irrespective of the Regulations under which they were earlier admitted.

34.0 MAPPING WITH THE SUSTAINABLE DEVELOPMENT GOALS (SDGs):

34.1 Wherever applicable, courses in the curriculum of each programme shall be mapped to one or more United Nations Sustainable Development Goals (SDGs) to strengthen the Institute's commitment to sustainability and align academic outcomes with global developmental priorities.

34.2 The mapping shall be maintained and periodically updated by the respective departments and shall form part of accreditation and statutory documentation.

35.0 GENERAL PROVISIONS:

35.1 These Academic Regulations shall be read as a whole for the purpose of interpretation. No individual clause shall be interpreted in isolation.

35.2 In the event of any discrepancy, ambiguity, or doubt in interpretation of these Academic Regulations, the decision of the Principal, in accordance with University norms, wherever applicable, shall be final and binding.

35.3 The Institute reserves the right to modify, amend, or revise the Academic Regulations, course structure, or syllabi at any time. Such modifications, amendments, or revisions shall be applicable to all concerned students with effect from the date notified by the Academic Council / competent authorities.

- 35.4** Wherever the words "he", "him", or "his" are used in these regulations, they shall be deemed to include "she", "her" and "hers", respectively.

ACADEMIC REGULATIONS FOR
B.TECH. - LATERAL ENTRY SCHEME (LES)

(Applicable for students admitted from the academic year 2026-2027 and Onwards)

PART 9: LATERAL ENTRY SCHEME

36.0 MINIMUM ACADEMIC REQUIREMENTS (LATERAL ENTRY SCHEME):

- 36.1** The attendance requirements and detention policy prescribed for the four-year B.Tech. (Regular/Full-Time) Degree Programme under Clause 14.0 of these Academic Regulations shall also apply to students admitted under the Lateral Entry Scheme (LES).
- 36.2** The academic performance requirements prescribed for the four-year B.Tech. (Regular/Full-Time) Degree Programme under Clause 15.0 of these Academic Regulations shall also apply to students admitted under the Lateral Entry Scheme (LES).
- 36.3** A student admitted under the Lateral Entry Scheme (LES) who fails to fulfil all the academic requirements for the award of the B.Tech. Degree within a maximum of six (6) academic years from the year of admission into B.Tech. II Year shall forfeit the seat and the admission shall stand cancelled.

37.0 PROMOTION POLICY:

- 37.1** In addition to satisfying the minimum attendance requirements prescribed under Clause 14.0 of these Academic Regulations, a student admitted under the Lateral Entry Scheme (LES) shall fulfil the minimum academic and credit requirements specified in Table 11 to be eligible for promotion from the current semester to the next semester.

Table 11: Promotion Rules for B.Tech. LES

S. No.	Promotion	Conditions to be fulfilled
1	III Semester (II year I Semester) to IV Semester (II year II Semester)	(i) Regular course of study of III Semester (II Year I Semester).
2	IV Semester (II Year II Semester) to V Semester (III Year I Semester)	(i) Regular course of study of IV Semester (II Year II Semester). (ii) Must have secured at least 25% of the total credits up to IV Semester (II Year II Semester) of the respective programme, from all relevant regular and supplementary examinations,

		whether the student appeared for those examinations or not.
3	V Semester (III Year I Semester) to VI Semester (III Year II Semester)	(i) Regular course of study of V Semester (III Year I Semester).
4	VI Semester (III Year II Semester) to VII Semester (IV Year I Semester)	(i) Regular course of study of VI Semester (III Year II Semester). (ii) Must have secured at least 25% of the total credits up to VI Semester (III Year II Semester) of the respective programme from all the relevant regular and supplementary examinations, whether the student appeared for those examinations or not.
5	VII Semester (IV Year I Semester) to VIII Semester (IV Year II Semester)	(i) Regular course of study of VII Semester (IV Year I Semester)

38.0 SCHEME FOR THE AWARD OF DEGREE:

38.1 Award of B.Tech. Degree:

- 38.1.1 A student admitted under the Lateral Entry Scheme (LES) shall be declared eligible for the award of the B.Tech. Degree in the branch of engineering allotted at the time of admission, provided that the student satisfies the following requirements:
- Has pursued the programme of study for not less than three (3) academic years and not more than six (6) academic years from the year of admission into B.Tech. II Year.
 - Has registered for a total of 124 credits and secured a minimum of 120 credits from II Year to IV Year, with a CGPA of not less than 5.0, as per the approved Programme Structure.
- 38.1.2 Students admitted under the Lateral Entry Scheme (LES) shall not be eligible for any intermediate exit award, including the Two-Year Undergraduate Diploma Certificate, upon discontinuation of the B.Tech. Programme after B.Tech. II Year.

APPENDIX

MALPRACTICE RULES

DISCIPLINARY ACTION FOR IMPROPER CONDUCT IN EXAMINATIONS

A1.0 APPLICABILITY:

- A1.1** These rules and the prescribed punishments shall apply to any student who indulges in malpractice or improper conduct in any examination or evaluation process, including internal assessments, continuous evaluation and Semester End Examinations, whether theory, practical, project viva-voce and online or offline, conducted by the Institution.
- A1.2** Wherever the term student is not explicitly mentioned in subsequent clauses, it shall be implicitly understood to refer to the student involved in the malpractice.
- A1.3** In the case of internal assessments, including sessional examinations, the punishments described in these rules shall be applied in a similar manner and adjusted to the seriousness of the offence, limited to the concerned course, assessment component, or Semester, as deemed appropriate by the competent authority.
- A1.4** All question papers and examination materials, whether in physical or electronic form, shall be treated as confidential. Unauthorized access or handling of such material by students shall constitute malpractice, irrespective of whether the examination has commenced.

A2.0 NATURE OF MALPRACTICE AND PUNISHMENTS:

- A2.1** All malpractices, including attempted, unsuccessful, or preparatory acts, such as possession, access, or arrangements made with the intent to commit malpractice, shall be deemed malpractice and attract punishment as prescribed for the corresponding offence, even if detected before actual execution.
- A2.2** In deciding whether a student has committed malpractice, the Malpractice Committee will review all the evidence and determine what is most likely to have happened. The Committee does not need absolute certainty; action may be taken if the evidence shows that malpractice probably occurred.
- A2.3** Prior to the imposition of any punishment under these rules, the student concerned shall be given an opportunity to present their explanation before the Malpractice Committee. The Committee shall examine the case and submit its recommendation to the competent authority for final decision.
- A2.4** Table A1 details the various acts considered as malpractice and the corresponding punitive measures, as stipulated in the regulations.

Table A1: Nature of Malpractice and Punishments

Clause No.	Nature of Malpractice / Improper Conduct	Punishment
1. (a)	Possession or keeping accessible in the examination hall any paper, notes, programmable calculators, smart	Expulsion from the examination hall and cancellation of performance in that course only.

	devices (including but not limited to smart watches, smart bands, smart rings, Bluetooth / wireless earphones, digital pens, Augmented Reality/Virtual Reality (AR/VR) glasses, mobile phones, pagers, palm computers, or any other material related to the examination without actual usage. This includes writings or markings on the body, clothing, desks, calculator surfaces, rough pads, or any other accessible item or surface that can be used as an aid.	
1. (b)	Giving or receiving assistance or communicating verbally, through gestures, or through mobile phone(s), smart device(s), wireless communication devices with any person inside or outside the examination hall.	Expulsion from the examination hall and cancellation of performance in that course only for all students involved. If an outsider is involved, the person shall be handed over to the police and a case shall be registered.
2.	Copying in the examination hall from any paper, book, programmable device, smart devices (as mentioned in 1(a)), palm computer, or any other material relevant to the examination (theory or practical).	Expulsion from the examination hall and cancellation of performance in that course and all other courses already appeared, including practicals and project work; not permitted to appear for the remaining examinations of that Semester/Year; Hall Ticket shall be cancelled.
3.	Impersonation in the examination: A student impersonating another student or allowing another person to impersonate them.	The impersonating student shall be expelled from the examination hall, debarred from the examination and the seat shall be forfeited. The original student's performance in all courses already appeared, including practical examinations and project work, shall be cancelled and the student shall not be permitted to appear for the remaining examinations of that Semester/Year. The student shall be debarred for two consecutive Semesters, including classes and examinations. If the impersonator is an outsider, the person shall be handed over to the police and a case shall be registered.
4. (a)	Smuggling answer books and/or question papers and/or additional sheets into or out of the examination	Expulsion from the examination hall and cancellation of performance in that course and all other courses already

	hall, arranging to send them during or after the examination, including capturing photographs or transmitting content electronically using mobile phones or smart devices, as mentioned in 1(a).	appeared, including practical examinations and project work; not permitted to appear for remaining examinations of that Semester/Year; debarred for two consecutive Semesters, including classes and examinations.
4. (b)	As per A1.4, unauthorized access to, reproduction, photographing, copying, or circulation of question papers or any confidential examination material, in physical or electronic form, with or without actual use in the examination, before the commencement of the examination, including from faculty rooms, storage areas, or digital platforms.	Expulsion from the examination hall and cancellation of performance in the concerned course and all other courses already appeared; not permitted to appear for the remaining examinations of that Semester/Year; debarred for two consecutive Semesters, including classes and examinations. If an outsider is involved, the person shall be handed over to the police and a case shall be registered.
5.	Using objectionable, abusive, or offensive language in the answer script, or writing personal requests to the examiner for awarding pass marks.	Cancellation of performance in that course only.
6.	Refusing to obey orders of examination authorities, including the Controller of Examinations/Additional Controller of Examinations/Invigilator/any officer on duty; misbehaving or creating disturbance in and around the examination hall; organizing walkouts or instigating others to walk out; threatening or assaulting examination authorities (in or outside the examination hall including their relatives); damaging property in the examination hall or any part of the Institute premises; or engaging in any act affecting the orderly conduct of examinations (including recording or filming officials using mobile or smart devices to intimidate or disrupt procedures).	Expulsion from the examination hall and cancellation of performance in that course and all other courses already appeared; not permitted to appear for the remaining examinations of that Semester/Year. The student(s) shall be debarred and the seat forfeited. Outsiders involved shall be handed over to the police and a case shall be registered.
7.	Leaving the examination hall with the answer script, or intentionally tearing/damaging the script or any part thereof, including photographing pages using mobile phones or smart devices before tearing or damaging.	Expulsion from the examination hall and cancellation of performance in that course and all other courses already appeared, including practical examinations and project work; not permitted to appear for remaining examinations of that Semester/Year. The

		student shall be debarred for two consecutive Semesters, including classes and examinations.
8.	Possession of any lethal weapon or firearm in the examination hall.	Expulsion from the examination hall and cancellation of performance in that course and all other courses already appeared, including practical examinations and project work; not permitted to appear for the remaining examinations of that Semester/Year. The student shall be debarred and the seat forfeited.
9.	A student(s) who is/are not a candidate for that examination, or outsider(s), indulges in malpractice(s) listed under Clauses 6-8, either independently or in collusion with candidate(s), including organized or coordinated acts involving multiple students.	Expulsion from the examination hall and cancellation of performance in that course and all other courses already appeared, including practical examinations and project work; not permitted to appear for the remaining examinations of that Semester/Year. The student shall be debarred and seat forfeited. The outsider involved shall be handed over to the police and a case shall be registered.
10.	Appears for the examination in a drunken or intoxicated condition.	Expulsion from the examination hall and cancellation of performance in that course and all other courses already appeared, including practical examinations and project work; not permitted to appear for the remaining examinations of that Semester/Year.
11.	Malpractice detected on the basis of internal evidence during valuation or special scrutiny.	Cancellation of performance in that course and all other courses already appeared, including practical examinations and project work, for that Semester/Year.
12.	Any malpractice, including those involving misuse of digital devices or breaches of examination confidentiality, not explicitly covered under Clauses 1 to 11.	The case shall be referred to the Principal for appropriate action based on the recommendation of the Malpractice Committee.

Note: (i) The use or attempted use of emerging or advanced technologies, including smart glasses, AI-based tools, remote screen sharing, digital platforms, social media, messaging apps, or online communication tools to share, reproduce, or access exam material, whether standalone or networked, shall be treated as malpractice and is covered under Clauses 1(a), 1(b), 4(a), or 4(b), as applicable.

(ii) For internal assessments, refer Clause A1.3 for applicability and proportionality of punishments.

A3.0 MALPRACTICES IDENTIFIED BY SQUAD / OBSERVER / SPECIAL INVIGILATORS:

A3.1 Punishments shall be imposed strictly in accordance with the above clauses.

A3.2 Malpractice Identified at the Spot Valuation Centre:

A3.2.1 The following procedure shall be followed in cases of malpractice detected during valuation, scrutiny etc. at the Spot Valuation Centre:

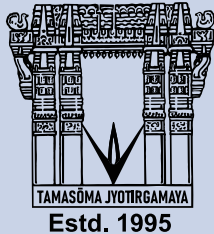

- i. The case shall be referred to the Malpractice Committee.
- ii. A notice seeking an explanation shall be issued to the student(s) involved through the Principal, at both the permanent address and the address for communication.
- iii. If any examination-related staff (including, but not limited to, personnel involved in conducting examinations, invigilation, evaluation, or maintenance of examination records) is found involved, such conduct shall be viewed seriously and suitable disciplinary action shall be initiated after due enquiry.
- iv. Based on the explanation received and the Committee's recommendation, appropriate action shall be taken.

A4.0 COMPOSITION OF THE MALPRACTICE COMMITTEE:

A4.1 Table A2 below outlines the composition of the Malpractice Committee, detailing the designated roles of its members.

Table A2: Composition of the Malpractice Committee

Designation	Role
Principal	Chairman
Controller of Examinations	Member
Head of the Department of the concerned course	Member
Faculty of the concerned course	Member
Head of the Department of the concerned discipline to which the student belongs	Member
